Sunday School 9 a. m.

#### Grand Jury Presentments.

To His Honor, J. J. Kimsay, Judge Superior Court of Lumpkin county, April Term 1904.

We the grand jury chosen and sworn for this term respectfully submit to your Honor our report for the present term.

We entered upon our duties on Monday morning after a very intelligent charge of your Honor upon the various subjects which would attract the attention of this body, and we have carefully considered all the business brought before us and made decision of all the matters pertaining to the attention of this body.

We find the county in a very reasonable condition financially and the public property carefully looked after by our vigilant ordinary. The report of the Finance Committee, which we have adopted, will show the workings of the county officers in their respective offices, and it is here appended as a part of our report.

#### REPORT OF FINANCE COMMITTEE.

DAHLONEGA, GA., April 18, 1904.  
We the Finance Committee appointed by the grand jury of the Oct. Term submit the following report to the grand jury of April Term of Lumpkin Superior court.

We have examined and checked up the Ordinary's books and find them in good condition. He has issued orders on the different county funds for which he has proper vouchers to wit:

On county fund.....\$472.66  
On bridge fund.....288.17  
On jail fund.....436.25  
On pauper fund.....673.32

We find on the pauper list the following named persons and amounts paid them per month: Martin Hashaw \$3 per month, Charlie Smith \$4 per month, Mary Grizzle \$3 per month, died Feb. 21, 1904, Jane Ayers \$3 per month, Dortha Sparks \$2 per month, J. J. Grizzle \$3 per month, Francis Turner \$5 per month, Alantha Davis \$3 per month, Mrs. Levi Stancil \$3 per month, died Jan. 6, 1904, Mira Gayden \$3 per month, Sarah Cronan \$3 per month, Raul Williams \$3 per month, Martha Abae \$3 per month.

Upon an investigation we find that the expenses of keeping paupers have increased more than one hundred per cent for the last six months. We would ask the grand jury and ordinary if possible to formulate some plan to curtail this expense to the county.

We have examined the books of J. B. Brown, the County treasurer, and find he has received from all sources since last report \$4,334.70 and paid out on proper vouchers

On county fund.....\$1,897.28  
On jury fund.....469.20  
On jail fund.....656.75  
On pauper fund.....708.32  
On bridge fund.....472.24

Leaving on hand.....\$ 80.91

We have examined and checked the books of J. J. Seabolt, county School Commissioner, and find they are neatly and correctly kept. He has received from all sources, including the balance on hand at last report, \$4,379.79. Paid out on proper vouchers.....3,477.11

Leaving balance on hand.....\$ 902.41

We have examined the tax digest of the county and find that E. J. Walden, tax collector, has not made a final settlement with the ordinary, but find that the tax digest calls for \$4,555.50 on the county fund and he has paid over to the county treasurer \$4,304.50, leaving balance due of \$251.00. We ask that the next finance committee finish this report.

We have examined the registration book and find that some parties have registered twice.

We have examined the books of J. M. Davis, sheriff, and find them correctly kept. We herewith present his fee bill for arresting persons out of the county and find them in keeping with the fee bill of the code as far as we are able to judge.

We have examined the books and records of the clerks office and find them neatly and correctly kept. We find they have received on fines and forfeitures since last court \$206.95, which has been paid out to the officers of court on the insolvent cost as follows: W. A. Charters, Solicitor, \$123.75; J. H. Moore, Clerk, \$44.95; J. M. Davis, Sheriff, \$38.25. All of which is respectfully submitted.

W. B. TOWNSEND,  
G. MCGUIRE,  
T. A. P. TATE,  
Finance Com.

We have examined the dockets of the Justices of the Peace and Notaries Public and find them reasonably well kept.

We find some vacancies in the office of Notary Public and recommend the appointment of the following to serve as Notaries Public in their respective districts:

1352nd District, G. M., John Brackett. 831st District, G. M., Joseph B. Anderson. 990th District, G. M., Andrew J. Edge. 900th District, G. M., John A. Anderson. 1116th District, G. M., Noah White.

We find two vacancies in the Board of Education and we recommend that W. P. Price, Sr., be re-appointed to succeed himself, and that F. J. Williams be appointed to succeed J. B. Simmons.

We have selected, as a committee, to examine the various county offices and make report to the next Grand Jury the following:

T. P. Jackson, W. H. Jones and M. J. Williams, and we recommend that they receive the same compensation that Jurors receive for the time that they are actually engaged in the performance of their duties.

We have examined into the condition of the public roads of

the county and find, by the best means obtainable, that they are in as good, if not better, condition than formerly at this season of the year, but we are satisfied that they are not what they ought to be. We recommend that the loose stones be thrown out and those miserable water breaks abolished, and that the finger boards and mile posts be put up where needed. We believe that in most places the roads are too narrow and too shady.

We have, through proper committees, examined the county property, viz: The Jail and Court House, and find that they are in fairly good condition, and the sanitary condition of our Jail is as good as the limited supply of water will admit.

We have received the account of our Ordinary, John Huff, for \$84.60 and have ordered the same to be paid.

We recommend that the per diem of Jurors and Court Bailiffs at the next term of the court be \$1.50.

We find that the terms of George W. Cochran, Wm. H. Early and Joseph M. Christopher, as Jury revisors, have expired and we recommend their re-appointment to succeed themselves.

We have examined the pension roll, and so far as we are able to ascertain they are all entitled.

We recommend that the Ordinary build a good and substantial bridge at the Jay site, with substantial stone piers, and above high water mark, either out of heart timber or iron, provided same can be built for a sum not to exceed \$500.00 and that the same be let out at the lowest and best responsible bid.

We recommend that Samuel Porter and Asbury Free be placed on the indigent pension roll.

#### PAUPERS.

Under this heading we find that since last term of the court our Ordinary has paid out \$708.32. These figures show two or three times more money paid out of this fund than has been paid out for any similar time for many years. We have looked into the pauper situation with great care and find that the contract formerly existing between our Ordinary and A. D. Jackson (keeper of the poor house) has in effect been revoked. We earnestly recommend, and if not transcending our authority, demand that our Ordinary renew the contract above mentioned at once, for the taking care of and the humane treatment of our poor. We further recommend that from this date no pauper be taken care of except provided in said contract above referred to. And we further authorize our Ordinary to furnish comfortable conveyance to any pauper not able, physically, to reach the home provided for them, and that he also furnish competent medical attention to those whose physical condition may require such attention.

We have overlooked the matter of examining the Registration book until it was too late to give it the attention it demands and therefore earnestly recommend the next Grand Jury to take up this matter in detail.

We further recommend that the officers, whose duty it is to keep the Registration books, keep them lawfully and properly dated, and that they also keep a correct defaulters list alphabetically arranged, so that it will appear intelligently.

In taking leave of your Honor, we return to you our thanks for

your able and intelligent charge, which enabled us to enter upon our work with an understanding of the duties which lay before us.

We also tender our thanks to our Solicitor General for the able and efficient manner in which he has assisted us in our work.

We also tender our thanks to our bailiff, G. W. Christy, who has so faithfully waited upon this body during this term of the court.

In closing the duties imposed upon our body, we extend our thanks to our foreman, Mr. H. D. Gurley, for the able and efficient manner in which he has discharged his duties.

We also wish to extend our appreciation to the clerk of our body, D. L. Cook, for his valuable service in recording the findings of said body. We recommend that these presentments be published in both THE DAHLONEGA NUGGET and Dahlonega Signal, charging legal fees for the same and equally dividing the same.

# THE NUGGET.

DAHLONEGA, MAY 7, 1904.

Entered at the Dahlonega, Ga. P. O. as Second Class Matter.

Official Organ of both City and County.

Hon. J. H. Hall of Bibb county, will go to the legislature again.

Commencement at Young Harris College is now in progress.

A transport with 600 Japanese soldiers was sunk by the Russians a few days ago.

On June 1st the G. D. S. railroad from Gainesville to Jefferson and Social Circle, will be sold for cash at public outcry.

The railroad returns received by the controller general show a big decrease, and Mr. Wright is at a loss to know what is causing it.

The Cherokee Advance states that Mr. Tate carried nine counties and received 700 more popular votes than Mr. Bell in the late primary.

The state convention meets in Atlanta on Wednesday, the 1st of June. The state election occurs on Wednesday, October 5th, and the national election takes place on Tuesday, November 8th.

The senate has again refused to confirm the appointment of the negro Crum, made by the president quite a while ago to be collector of the port at Charleston, S. C., and it goes over until the next session.

The Japs are as brave as lions. The other day when some of them were captured by the Russians they preferred a watery grave than to surrender to the enemy and fought till they sank into the briny deep.

During the U. S. court in Athens a great many cases of illicit distilling were disposed of by fines and imprisonment, and the grand jury found a great many indictments which will come up at the next term of the court.

A few days ago Gov. Terrell appointed a Mayor and five councilmen for the town of St. Marys, in Camden county. The legislature empowered him to do this in order to keep the place from having a negro council, as they are largely in the majority.

The St. Louis Fair is now open. Millions of money and years of time have been spent in getting this world's fair ready for visitors. As many as 80,000 men have been found at work on the grounds and buildings at one time, which gives a slight idea of the amount of labor it required to accomplish the work.

The republicans of Lumpkin county at the late democratic primary caused some candidates for county offices to be defeated and it almost decides them to death. Now when they run their candidates this fall the demobrats will all pull together and turn the joke. This is no joke.

A while before the election some of the republicans of Lumpkin county talked like they were going out of politics; but when the democratic primary came and they were allowed to participate in it same as one of its party, they feel very much relieved when able to help to defeat some of the democratic candidates; and are now stronger republicans than ever, because another feather has been stuck in their caps.

Andrew Carnegie heard of a little town in Oklahoma which had no library and decided to supply what he regarded as a necessity. The multi-millionaire offered to furnish \$5,000 for the library, provided the citizens would give proper support for the institution. He gathered a new idea of Oklahoma's optimism and independence on learning that the citizens resented his offer as an insult. Make your offer \$20,000 and we may take it under consideration, wrote the town officers, but so far Mr. Carnegie has not decided to do as suggested.—Ex.

## The Religious Work.

There has been a great religious work done at this place for the past five months, better revivals than have been for many years. At the request and with the assistance of a few christians, Rev. J. E. Blackburn, a member of the Baptist church at this place and an old experienced minister of the gospel, began preaching at the cottage homes of the suburbs, thereby causing interest for the salvation of lost souls. He was ably assisted by Bro. John Adams, a citizen of our town, a deacon of a Baptist church in the country, and later a deacon member of our church of this place. Before Christmas, he was also aided by Rev. J. W. West, a country minister. He was assisted too by Rev. W. C. Taylor, pastor of our church, from the first of February, which time he came to our town, till the first of April.

These meetings, however, did not continue all the time. They were carried on only at night, sometimes every night for a week or longer, sometimes every other night, and sometimes but one or two nights in a week, according to the extent the interest seemed to suggest and the general conditions permitted. With the majority who took active part, the spirit was willing, even though the flesh was at times weak and exhausted from labor. From the first of December, 1903, till the first of April, 1904, there were 30 members added to the Baptist church here, 24 by experience and 6 by letter. Five of these were baptized in January of this year, by Rev. Blackburn.

About the middle of April, Rev. Taylor, assisted by Rev. Blackburn and other active members, began a revival at the church, continuing till the first of May. During this time there were 5 members added to the church, 4 by experience and 1 by letter. May 1, 17 were baptized, 9 by Rev. Blackburn and 8 by Rev. Taylor. The revival of the Baptists has closed for the present season with the exception of 6 yet to be baptized. God's good work here will be continued by the Methodists, who will commence their revival this week.

We will now say a few words in a special way for some of the leading Baptist workers of Dahlonega in the Lord's vineyard. Rev. Blackburn, though not learned in books beyond elementary knowledge, but abounding in experience, began the work above mentioned when the church was without a pastor and in a cold and unsettled state, but soon aroused the people to a sense of their duty. Bro. John Adams deserves great credit, because he was active in the work from the very beginning. Rev. Taylor, while he is young in the service of the Master, has done exceedingly well. He has visited the poorer classes of people, as well as the wealthier classes, and so to a great extent has received the respect, sympathies, and aid of all. There were many other active members who rendered much service, but time and space forbid the mention of their names. We will also say that singing, which is an essential part of divine worship, has improved wonderfully with most of the people.

PAUL L. ABBOTT.

We lost one subscriber about things we wrote during the campaign; but have received ten others. You must bear in mind that an editor is entitled to free speech same as other people and when the time comes that we are not allowed this privilege we will shut up this newspaper office, call the dogs and stop the business. We are not in this business for pleasure, and should the day come when we can't keep out of debt and make a living at the business we will close up the shop. We mean to give you your money's worth and when you think we are not doing it let us know and we will refund your money and mark your name from our subscription list.

Hon. Geo. H. Bell of Swainsboro, is on the stage again.

## IT IS A MATTER OF HEALTH

There is no substitute

## Mining Notes.

The McAfee-Lind mill is now running on full time and the clean up is bound to be as good, if not better than usual, is the decision of all those who have looked at the plates.

At the Calhoun mine they have started their placer operations above the dam on what is known as the Dunning lot, which consists of more than thirty acres of alluvium deposits. From several test pits sunk in the auriferous gravel the indications are that their clean up of the future will surpass those of the past.

Work at the Crown Mountain gold mine was suspended on last Wednesday. Some time ago Gen. Warner, the president, had the plant started up, trusting in providence, as he said, for rain sufficient to enable them to soon have the mill running on full time, but it has not come yet is the excuse of this suspension until the Gorge power is completed, provided means sufficient is raised to do this. A formal meeting of the stockholders was held here on Wednesday, which was adjourned over to meet in Gainesville the following day but we have not been able to learn anything from it before going to press.

At this writing we have in our city Messrs. E. W. Newton, F. G. Thomson, D. C. Shaw, E. W. Bainbridge, G. H. Brehman, of Toledo, O., Mark Hopkins, St. Clair, Mich., and John Siebert, Columbus, O. All stockholders of the Consolidated Gold Mining Co. Mr. Bainbridge is accompanied by his wife. The gentlemen are here to consult with Mr. Ewing, an expert, who has been here for several weeks making an investigation. We learn that Mr. Ewing feels confident that the property will pay if properly managed and doubtless work will be resumed by the company at an early day.

Last Wednesday in company with Mr. Will Grisson, manager of the Crown Mountain Gold Mining Co., we had the pleasure of visiting the Gorge. It was pay day and we always like to be present when there is any money to be handled, especially when it is coming our way, and some of it did for our friends and patrons didn't forget the printer. At this place we found Mr. T. V. Cantrell in charge of 32 hands performing different kinds of work. The dam is about completed except a small space in the center, which will be finished as soon it rains enough to float the logs down the river. The dam is forty feet high and up to the present has cost \$20,000 and a better piece of work cannot be found any where. The machinery is all on the ground—part of it in position, and it is expected that the plant will be in running order in about a couple of months.

Established 1875.

Patent Manufacturing Co., New York & Cincinnati, Ohio.

FOR SALE BY DR. C. H. JONES.

Bro. Craig of the Gainesville Eagle, seems to be very sore over the result of the election. Let him come up and we will take an old time snipe hunt like we use to about thirty years ago. This boyhood sport will cause him to forget all about the election.

A dispatch from Tokio reports the losses on the Yalu Sunday to be as follows: Japanese, 700 killed and wounded. Russians lost over 800 men. Twenty-eight quick firing guns, twenty officers and many men were captured by the Japanese.

The Japs engaged in a land battle with the Russians last Monday, and if all reports are correct they fight as well on land as water. The Japs bridged the Yalu river, crossed and put the Russians to flight after a sharp fight.

The contest between Hon. M. A. Morris and Judge Gober for the judgeship of Blue Ridge circuit is over and Judge Gober won the fight.

An Alabama negro was tied to a tree and riddled with bullets the other day for the usual crime.

The nomination of Judge Parker for president seems to be assured.

## CHALLENGE FOR OUR NUGGET READERS.

COUPON WORTH 25c IF PRESENTED AT DR. C. H. JONES' DRUG STORE.

In order to test THE NUGGET's great circulation and its superior advertising value, we have made arrangements with Dr. C. H. Jones, the popular druggist, to offer one of his best selling medicines at half-price to any one who will cut out the following coupon and present it at his store.

COUPON.  
This coupon entitles the holder to one 50c. package of Dr. Howard's specific for the cure of constipation and dyspepsia at half-price, 25c. I will refund the money to any dissatisfied purchaser.  
Dr. C. H. JONES.  
TWENTY-FIVE CENTS.

Dr. Howard's specific for the cure of constipation and dyspepsia is not an unknown remedy. It has made many remarkable cures right here in Dahlonega, and so positive Druggist Dr. Jones is of its great superiority in curing dyspepsia, constipation, sick headache and liver troubles that he will, in addition to selling it at half-price, refund the money to anyone whom it does not cure.

If you cannot call at his store cut out the coupon and mail it with 25 cents, and a 50 cent box of the specific will be sent you by mail charges paid. Do not put it off. "One to-day is worth two to-morrows."

This is a great opportunity for our readers to obtain a popular remedy at a small price. There are sixty doses in every package, and unlike ordinary constipation and dyspepsia remedies, the dose is decreased after the first few days.

# Local News.

Mrs. Clark of Atlanta, mother of Miss Josie Clark, is a much welcome visitor to our city this week.

A nice line of low cut shoes just received. Call and examine them. The price is low quality considered.

B. R. MEADERS & SON.

In ordering THE NUGGET don't forget to enclose the dollar. This will attract our attention and cause promptness as well as pleasure.

We regret to learn by letter that Mrs. John Jackson, who moved from Dahonega to Bessemer, Ala., a few weeks ago, is quite sick.

The trustees of the N. G. A. College will have no trouble in securing a president to fill the vacancy caused by the death of Dr. Avis, as at least fifty applications have already been sent in.

At Dr. Jones' you will find Pitons, Sun-Proof Paint. Best paint made. Guaranteed for five years. Also Liqueur-Varnish for beautifying and preserving all kinds of furniture and wood work.

We understand that Mr. Will McDonald, who went from this county to Alabama some time ago, banked a thousand dollars a few days ago. We are always glad to hear of any of the Lumpkin county citizens doing well.

Months ago, Prewitt of this county, was buried over by Com. Baker last Wednesday, charged with selling parties in and about Dahonega. The parties who it is said reported him left out and didn't even get as much as a witness fee.

The protracted meeting don't seem to keep the females from quarreling and fighting in Dahonega. A fuss occurred between two the other day but it was not of sufficient magnitude to be of any benefit to the city officials.

The slowness of the successful candidates to send in their announcements is very encouraging to the republicans. Gentlemen, if you are not willing to spend fifty cents more for your chances, step out and let some one be nominated who will. The people are not going to vote for you unless you ask them to do so.

Mr. John Tillson of Dahonega, who recently received an appointment from Uncle Sam, provided he could stand the examination, went down to Atlanta this week for the purpose and succeeded in standing the test. So another N. G. A. College boy goes up the ladder of success to the pleasure of his numerous friends here. Messrs. Hodges and J. T. Moore, two other cadets, also stood the examination. The former passed, but have not learned whether the latter did or not.

At sheriff's sales last Tuesday the William Spencer property was sold to the following persons at the prices named: Lot 416, 12th and 1st, H. D. Gurley for \$54. 417, J. J. Smith \$20. 355, T. J. Smith \$40.25. 356, T. J. Smith \$22.25. And the property of R. H. Moore, deceased, was disposed of at public out cry by the executor as follows: Undivided half of 110, 115 and two-thirds of 119 1st district of originally Habersham, now Lumpkin county — just the mineral interest, \$900. 677, \$100. Three fourths of 862, \$500. All bid off by Col. R. H. Moore.

Mr. D. T. Simmons, formerly of Lumpkin county, but now of Oklahoma, writes back that they have had no rain there in a year. Last year he made four thousand bushels of wheat, and sowed enough calculated to make six thousand bushels this year but it is all dead and he will make none. Mr. Simmons has to carry his cattle one hundred miles to grass. This is the great trouble with the west. Some years abundance of every thing is made and others nothing. The rich can stand it but the poor will perish out. We prefer Georgia, more especially old Lumpkin county, and right here you will find us till the journey of life is ended.

Spring has come at last. There was a secret wedding in Dahonega on the 9th day of April but don't mention it.

Col. W. P. Price, Sr., took sick last week and was unable to be out for several days.

Mr. R. M. Mays and wife of Half Way, spent last Sunday in Dahonega with relatives.

Mr. and Mrs. L. B. Crawford of Blue Ridge, Ga., came over to visit their relatives here last Saturday, being the first time for quite a while.

Don't forget to get what photographs you need before the Dahonega Portrait Co. closes its gallery, which will be from the first of June till October.

Prof. E. B. Vickery is attending the convention of county school commissioners at Dublin this week. He is there in the interest of the N. G. A. College.

Mr. Virge Parks of this county, was carried before Com. Baker last week by Marshal Grizzle, being charged with illicit distilling. He waived examination and made bond.

The following bonds were forfeited at the last term of Lumpkin Superior court: John Anderson, Wesley Anderson, 2 bonds, Watt Anderson, Lewis C. Prewitt and James M. Robison.

The city tax receiver's book closed last Saturday. Did you fail to return your taxes? If so as assessors will look after it, but it will cost you something for the delay and be a reminder in the future.

We have before us a Justice court fi. fa. which was issued in this county the 2nd day of January, 1885, by James Cantrell. It was in the case of John Martin vs. Jno P. Odum, and Hedgeman Green was the constable.

Last Sunday was the only real spring day we have had this season, and it is hoped now that we will have a more cold weather till next winter, as vegetation can not grow. Some of the farmers are talking about plowing up their corn and planting again.

Last Saturday after Mr. John H. Moore returned to his store from supper he became suddenly sick and had to be carried home, causing some alarm for a while, as it was believed that he had been poisoned with tin while eating oysters at supper. Dr. Wheeler was sent for and in a short time Mr. Moore was better, but unable to be out for two days.

On Friday night of last week some one skinned all the bark for more than a foot long all round one of Mr. M. G. Head's shade trees, on the street leading to the Methodist church. What could cause any one to do a thing of this kind we can't imagine. The perpetrator of such acts as this are dangerous. It was done a few minutes before 12 o'clock.

Seventeen persons who had joined the Baptist church here were baptized down at Winpy's mill last Sunday, witnessed by the largest crowd of people that have been present on such an occasion for many years. Three other persons would have been baptized had they not been sick. Some of these joined the church last winter and the others connected themselves with it during the last meeting. Revs. Mr. Taylor and Blackburn are certainly accomplishing much good in Dahonega. Let the good work go on.

Very often the grand jury of this county is called upon by parties desiring state pensions, to recommend that they receive them. Occasionally the jury does it but it is time thrown away. There is only one way for a person to get a pension if he is entitled and that is to make sufficient proof by two credible witnesses before the ordinary and send it to the state pension agent. A grand jury can recommend a persons pension to be discontinued where it is found that he is not entitled, but cannot have a name added to the list.

When hunting bargains in all kinds of goods call at Miller's store at Auraria.

Mrs. W. R. Hightower of Chattanooga, Tenn., is on a visit to relatives here this week.

A mosquito serenaded us last Tuesday morning for the first time. This assures us that winter is over.

From the actions of a couple who met in Dahonega the other day we are convinced that it was love at first sight.

Last Sunday, while Mr. John Adams and his family were gone to the baptizing, some one entered his house through a window and stole a dollar. It is believed that a boy did it.

A protracted meeting commenced at the Methodist church last Tuesday night and we trust that great good will grow out of it. It is being conducted by the pastor and Rev. Mr. Quillian of Palmetto.

See that nice line of summer dress goods at H. D. Gurleys. Five cent laws to \$1 per yard silk. A big reduction on straw hats, from 20 cents to \$1.00, and the nicest line of dress shirts and neck wear in town.

Your attention is directed to the ad. of Mr. H. D. Gurley in this weeks issue. Mr. Gurley keeps one of the most complete stock of goods in Dahonega and his prices are fixed so that it will be to your interest to trade with him.

The Hayden and Franklin row, which occurred in this county some time ago, has come to a focus. The grand jury returned true bills against both sides at the recent term of Lumpkin Superior court and now sure enough trouble commences.

Notice the advertisement this week of Mr. H. D. Gurley. This merchant has been doing business in Dahonega successfully since the year 1875—oldest establishment in town except one. This alone is sufficient to convince the public that he is offering bargains.

Whew! a love letter that was written by a young lady to a young man of Chestate district a few weeks ago, which we will publish next week. It is the sweetest thing on record and will cause the oldest man in the county to wish that he was young again and receive a letter like it.

Some of you wonder at our success in the publication of THE NUGGET while many others have failed in the newspaper business here. Why it's work. We are now sticking type at 4 o'clock while you all are slumbering and by the time you are up we will be ready to take your subscriptions, or fill your orders for job work.

The city council met in regular session last Monday night, and transacted but little business of importance. The marshal's report was received and his collections for the past month are as follows: Street tax collected \$29.50; sanitary \$4.70; dog \$6.00. Total in cash \$80.20. Dog tax paid in work \$10.50. Street tax paid in work \$10.50. All were so well pleased with the twenty new street lights that the street committee was instructed to have four put up on the public square at each corner of the court house, provided it saw proper.

The pupils of the graded school gave an interesting entertainment at the college last Monday evening, which was well attended and highly enjoyed by all present. There were three or four beautiful young lady ushers, who greeted every one with a pleasant smile and seated them comfortably. The bright eyed little ones on the stage were many, and each one carried out his part of the program to perfection. The happy time they were having caused our mind to wander away back and made us wish that we could call our young days back, provided we could escape the whippings we used to receive for mischief we had done just to have a little fun.

The farmers are putting in good time now.

By sun rise every Saturday you will find THE NUGGET in the Dahonega post-office, ready for distribution.

Mr. F. P. Catchings of Gainesville, was up last week to attend to some business for the Crown Mountain Gold Mining Co.

Cadet Tomlinson, who resides at Bainbridge, Ga., received the sad intelligence of his brother's death Sunday afternoon and left for home at once.

Rev. D. J. Blackwell of Gainesville, was up again last Sunday. Mr. Blackwell is a friend to the college, its students and the people of Dahonega, which always makes him a welcome visitor to our beautiful mountain city.

We were shown some home made chocolate candy last Saturday, made by Mrs. R. C. Meaders of Dahonega. It was of various shapes, sizes and colors, and couldn't be told from that manufactured by regular candy manufacturers in large cities. This lady has been keeping it in the store of B. R. Meaders & Sons for some time, and finds a ready sale for it.

You will find the general presentations of the last grand jury of Lumpkin county on the first page of this issue. You will observe at once that the body investigated the business of the county thoroughly. Among other things it recommended that the same three jury revisors, whose terms of office has expired, be re-appointed. This, Judge Kinsey will not likely do, as it is best to make changes in officers of this kind occasionally, and fill their places with men who are acquainted in other parts of the county with those that have grown up, not known to the old officers.

During the Superior court last week a certain woman was convicted of breaking into a house and taking therefrom nuggets of gold amounting to \$1.50. The proof was not positive but sufficient circumstantially to justify the returning of this verdict. She has five little children and is very poor. All the officers were aware of this and gave her their cost. The Judge placed a sentence of \$10.00 or six months on this poor, unfortunate woman. Court adjourned and it was a sad sight to see this defendant have to go to jail, with her little children six or seven miles away alone. We never saw this woman before but felt sorry enough to help other gentlemen pay her fine, and instead of having to stay in prison that night, reached her home after dark and spent the rest of the night with her little ones.

Henry Shelnut. Most of you have heard of him, haven't you? He lives in White county and is the man who was charged with selling poison liquor to Henry Edmonson in this county, which came so near landing Henry over on the other side of the river. Just about dark, a while before court adjourned for the term, his brother-in-law, residing near Dahonega, got up and stated to the court that he wished to plead guilty for Shelnut, who couldn't be present because he was in Fulton county jail awaiting his trial at Athens for violating the revenue law by disposing of this so-called liquor in Dahonega. The Judge inquired about its poison qualities. The speaker said that it was not poison for he (Shelnut) sold 20 gallons of it to thirty-five different parties, mentioning some of their names, a few of them being women. Then one of the officers stated that he had tried some of this liquor himself and found it all right. Judge Kinsey said that he thought he would have to fine the defendant \$50 and cost. The brother-in-law said that \$35 was all the money he had for the defendant, and in offering this, stated that it was on account of his wife and little children that he did so. The fine was then placed at \$25 and cost and the kinsman turned his pockets wrong side out. The money fell into one of the officers hands and all was right.

Mrs. Ben Moore of Gainesville, is up on a visit this week.

Capt. W. J. Worley has gone down to Gainesville this week.

The cadets are now engaged in target practice, and have been for some days.

Mrs. Charlie McDonald of Gainesville, has been on a visit here this week.

Mr. F. T. Rutherford of Columbus, O., a stockholder of Crown Mountain Co., was here this week.

Where there is a spinning wheel instead of an organ you will always find the family to be prosperous.

Just before court Judge Huff borrowed seven hundred dollars to run the court and it took every cent of it.

We suppose they had a nice time at the pic nic up at Porter last Monday, although no one has said anything about it.

We are glad to learn that Capt. R. R. Asbury of White county, after being very sick for quite a while, is able to be out again.

Some of the boys have already commenced robbing bird's nests again. They are doubtless unaware that it is a violation of the law to do this now.

Dr. W. W. McAfee and Mr. T. W. Pitt of Atlanta, after spending several days down at the McAfee-Lind gold mine, came up to Dahonega Wednesday.

Mr. W. B. Woodward, after being down to Americus for a short time, returned to Dahonega this week. Bill was raised in Dahonega, and like all other people, finds no place like home.

Psi Chapter of P. K. A. fraternity will have their annual banquet at the Girl's Dormitory next Monday night. Delegates from the Sigma Nu fraternity and from the Royal Nons have been invited.

From what her mother said, Ida Stephens, col., got on the war path the other day or night, and during the time broke up some of the old woman's dishes. Ida is the "gal" you have heard about, doubtless.

A wedding occurred on the public road the other day out in the country on account of the parents being unwilling to it. It was Mr. Luke Anderson and Miss Burgess, the only daughter of Mr. Andy Burgess. Rev. W. G. Spencer officiated.

If you want any photographic work done by the Dahonega Portrait Co. you will have to call time enough to have it finished before the first day of June, for the gallery closes then, as we have heretofore stated, till the first of October.

Our friend, Mr. R. W. Walker, is now down in Florida enjoying himself taking in the most attractive sights in the land of flowers and who knows but what he will fall in love with some pretty young lady down there and decide to take unto himself a partner for life?

"It is a long lane that never turns," was the remark made by a certain person about ye editor when some trouble was brought on him not long ago. And another person made some slight remarks about us. Now the first one referred to is in trouble chin deep, while the other has, within the past few months, shed enough tears to fill a water bucket, about a cousin transaction. Yet we sympathize with both in their weeping moments.

Much was said during the campaign about the "town ring." Now some of you candidates, if successful at the final election will have to make bonds. Are you going to leave the "town ring" out when it comes to this business transaction or not? Gentlemen, you should not be guilty of such campaigning as this. For several years the writer has signed the bonds of officers who were elected in the country, and he did it with pleasure. The town and country should get up no antagonism. It takes the combination of the town and country to make a prosperous country and when this is not done we cannot expect prosperity.

## Those Bailiffs.

The expenses of the bailiffs at the last term of Lumpkin Superior court didn't foot up as much as they did at the fall term by about one hundred dollars, although the session was just the same—four days. Here is an itemized statement, showing that several are not regular elected bailiffs, although some of them realized more out of the position than the regular elected bailiffs, the choice of the people:

Wash Walker.....	\$10.00
J. D. Jarrard.....	4.00
W. T. Dowdy.....	2.00
Another Jarrard.....	4.00
Dan Early.....	4.00
Ike Reid.....	4.00
Wm. Guerrin.....	4.00
Wash Christy.....	4.00
Horse 1 day for Dowdy.....	1.00
Total.....	\$37.00

Some of these mounted bailiffs claim and get pay for nights. The jury doesn't receive any thing for extra services when out all night, neither does the bailiff who waits on it.

Yes, as we stated, the bailiffs expenses have decreased considerably. Had it gone on like it started we intended establishing a bailiffs office in connection with THE NUGGET, for it would have been the best paying thing in this whole country and been the easiest money secured.

A part of this reduction is owing to the grand jury at the fall term recommending that bailiffs be paid only \$1.00 per day, the amount allowed them according to the fee bill in the code.

At the last term of the court some of these chronic bailiff seekers were on the grand jury and succeeded in getting the body to recommend that bailiffs be allowed \$1.50 per day, but this amounts to nothing. The jury at the fall term fixes fees, and then it has to be according to the law and fee bill.

## Death of Mrs. Fred Lucas of Athens, Ga.

Very few, except our old citizens, will remember this most respectable lady. Her father, Dr. J. J. Singleton, was the first President of the U. S. Mint, at this place in 1838. Mrs. Lucas was married here in Dahonega when quite a young woman to Mr. Lucas, then a prosperous young merchant, who shortly thereafter moved to Athens. There they have resided for more than fifty years. She was a sister to the late Rev. J. J. Singleton, once Professor of Mathematics in the N. G. A. College. Her mother, Mrs. Mary Singleton, was the first female to join the Baptist church in Dahonega in 1883, very devout christian and died in the faith of the Baptist people, and her name appears in the memorial window, dedicated to the "Sainted Mothers" of that church. Mrs. Lucas, with her husband, have always belonged to the Methodist church, which never contained more devout or more lovely and beloved people. They and their children have always loved Dahonega, and in years past, visited us occasionally to look upon scenes which delighted them in their young days. It was one of these pleasure visits, in 1878, when they were guests of the writer, that Mrs. Lucas asked to give a name to the youngest of the household. And she called the child Frederick Singleton Lucas, after her husband and father, and today the name is worthily worn by an officer of the American Army in the Philippines. The father of the child was more than willing to the name, because Dr. Singleton, in his day, was a famous physician, and the family tradition was that he had saved his life when an infant. Mrs. Lucas is survived by her husband, her brother, David I. Singleton of Putnam, and her sister, Mrs. Fannie Wallace of Atlanta, besides numerous near relatives. Her friends may be counted by the score.

So one by one, we part with friends long known and loved. Soon the re-union will come.

W. F. PRICE, SR.

## DO YOU NEED A MEDICINE?

IT COSTS YOU NOTHING TO INVESTIGATE.

There is no one who does not need a Liver Medicine occasionally.

The symptoms of Liver Complaint are well known to every one, such as constipation, dyspepsia, loss of appetite, sleeplessness, headache, a tired feeling and many others of a similar nature.

Thousands die annually by not heeding the warnings of nature.

Many acquire some chronic disease from which they never recover.

Many of these could be spared for years of usefulness, by keeping in the home some reliable remedy.

We believe that we can convince any fair-minded person that there is no better remedy for the Liver than Dr. Thacher's Liver and Blood Syrup.

The formula is known, consisting of: Buchu, Hydrangea, Mandrake, Yellow Dock, Dandelion, Sarsaparilla, Gentian, Sena and Iodine of Potassium. You know just what you are taking. How many other formulas of a liver medicine are published? Ask your druggist about this. It is already prepared and can be taken immediately.

The strength is extracted in the most skillful manner, certainly superior to any powdered preparation known. (We also manufacture a Liver Medicine in powdered form, with which any druggist can supply you, but this, like all other dry Liver Medicines requires preparation.)

Dr. Thacher's Liver and Blood Syrup is pleasant to take, does not lose its strength, as Liver Medicine in dry form, and will keep in any climate.

Your doctor, however skillful, could prescribe nothing better.

There is no opportunity for a doctor to make a mistake in writing a prescription, or a druggist to make a mistake in compounding the same, (besides a doctor's bill and the cost of the medicine). You can be absolutely sure of the proper proportion being in every dose.

Dr. Thacher's Liver and Blood Syrup has been used with the greatest confidence and success by thousands of homes for 55 years, and is prepared by a pharmacist of 20 years' experience, in a laboratory equipped with the most modern appliances for the most perfect safety.

If you do not understand your case, write today for a Free sample bottle of "Dr. Thacher's Health Book," (the symptoms for adults). We simply ask that you try it at our expense. We know what it will do.

FOR SALE BY ALL DRUGGISTS.

50 cents and \$1.00.

**THACHER MEDICINE CO.**  
Chattanooga, Tenn.

Merchants Organizing.

The merchants of Dalton, in order to keep from being beat out of their goods have organized a protective association. This example should be followed by the merchants of Dahlonega and all other places.

The by-laws and regulations read as follows:

This organization to be known as Merchants Protective Association of Dalton, Ga. Its officers shall be a president, vice-president, secretary, and treasurer, and the term of office shall be six months.

The meetings shall be as often as deemed advisable by the president, on petition of three or more members of the association.

Rule 1. It shall be the duty of each and every merchant to report to said association the names of all delinquent debtors and dead debts.

Rule 2. It shall be the duty of the secretary to make and furnish each member of the organization a full list of all names reported by the members.

Rule 3. Any member of this association who shall credit any person reported as dead beat or delinquent, shall be subject to a fine equal to amount said debt or debtor shall owe other members of the association. And said fine be applied to account of said debt or debtor.

Rule 4. When any debtor, whose name has been reported, shall have satisfied all creditors, his name shall at once be removed from the list.

Rule 5. A two-thirds vote of all members present at any meeting shall decide any question before said organization.

Rule 6. Five members shall constitute a quorum at any regular or call meeting.

Rule 7. The dues for this association shall be the actual expenses prorated among the members of the association; payable on notification of secretary.

Rule 8. No person or firm are to be admitted to membership in this organization, except reputable and reliable merchants of Dalton; and then only by two-thirds vote by all members present.

Rule 9. Any member or firm refusing to pay any fine or dues shall be immediately expelled from membership.

Rule 10. All members must read all rules and sign same when joining said organization, and in signing, fully understand that he or they abide by same.

## Cotton-Root Bark.

Mr. Gerald McCarthy, biologist of the North Carolina department of agriculture at Raleigh, has issued a circular in which he agrees to find a sale for all the good cotton-root bark offered him. He says:

"It is very strange that cotton-growers with idle hands during the winter months will permit this most valuable part of the crop to waste in the fields and remain as an encumbrance to the succeeding crop. It is likely that in most cotton sections the roots now in the field are still salable, and a very good thing can be made out of them while waiting for the soil to dry. Those who wish to gather the root bark should first send to the undersigned a sample of one pound of fresh root bark in order to have its quality tested."

Before the war the medicinal quality of the bark was discovered, and it was used on the plantations for many years before it was taken up by the druggists. It is said that there is always a ready sale for the bark, which during the few months has brought at wholesale from 15 to 20 cents a pound.

## A Lively Sport Indeed.

Here is a novel feat which can be done by an Oklahoma negro: He starts a wild steer on a run, and, pursuing on horseback, rides alongside, and when at full speed leaps from the back of the steer.

Then, taking hold of its horns, he slides under the neck and head of the then frantic animal, and, seizing it by the nose with his teeth, lets go the horns, and leaping to the ground, throws the steer by means of his mouth hold alone. The man is a medium sized, bow-legged and decidedly muscular negro. He has no peer and no imitator in his specialty. It is a lively sport and ought surely soon to become popular in Oklahoma.

In the palace of mines and metallurgy at the World's Fair, Louisiana, has interesting exhibits to show the great sulphur and salt resources of that state. On exhibit is an immense statue of Satan himself. This statue weighs 2,400 pounds, is 12 feet in height, and rests on a column 24 inches square at the base. The statue and base are composed entirely of sulphur taken from the deposits of Calcasieu county. The other exhibit is a statue of Lot's wife, who was turned into a pillar of salt.

The prison commission will at an early day construct on the state farm in Baldwin county a brick building in which when completed will be confined such female prisoners who violate the rules of the commission to such an extent that they become unmanageable in the regular quarters.

## Dragging Pains

2835 Keeley St.,  
CHICAGO, ILL., Oct. 2, 1902.

I suffered with falling and congestion of the womb, with severe pains through the groin. I suffered terribly at the time of menstruation, had blinding headaches and rushing of blood to the brain. What to try I knew not, for it seemed that I had tried all and failed, but I had never tried Wine of Cardui, that blessed remedy for sick women. I found it pleasant to take and soon knew that I had the right medicine. New blood seemed to course through my veins and after using eleven bottles I was a well woman.

**Wine of Cardui**

Mrs. Bush is now in perfect health because she took Wine of Cardui for menstrual disorders, bearing down pains and blinding headaches when all other remedies failed to bring her relief. Any sufferer may secure health by taking Wine of Cardui in her home. The first bottle convinces the patient she is on the road to health.

For advice in cases requiring special directions, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

**WINE OF CARDUI**

## A Sad Death.

The following is sent the Eagle by our regular Thompson's Mills correspondent:

Quite a sad and peculiar death occurred near here a few days ago. The seven-year-old son of Mr. Williams was able to be in the field until dinner, and after he had eaten dinner he was taken sick, but his parents did not think him dangerously ill, as he would play around some in the afternoon. The boy's mother had opened a can of blackberries, and she said the can of berries had soured, although his mother sweetened them and gave them to the children, and all of them was very sick. The little boy suffered great pain for 20 hours and died.—Gainesville Eagle.

There is a new song going the rounds of the press and it runs as follows: "We don't want to buy at this place, we don't want to trade there any more; you'll be sorry when you see us going in some other store. You can't sell us any stale goods, we have opened wide our eyes; we don't want to trade at your store, because you do not advertise"—Ex.

Because of the protracted dry spell A. G. Anderson of Sheffield, Texas, was obliged to kill a few weeks ago 10,500 lambs in order to save his ewes. His range on the Pecos river was in such poor shape because of the drought that he was forced to sacrifice the lambs in order to save their mothers. Such stockraising tragedies are of rare occurrence in this country.

All over Georgia the newspapers are speaking out against the election of judges and solicitors by the people. It is a dangerous system, and the sooner it is abolished, the better.—Augusta Chronicle.

In Cobb county last week Mr. P. M. Hardage plowed up a Union cartridge on Cheatham's Hill. It was well preserved and looked like it had been in the ground only a few months.

## Headache

Can be Cured with  
Dr. Miles' Anti-Pain Pills.

If your nerves are subject to disturbances, such as Headaches, Neuralgia, Backache, Rheumatism, Menstrual Pains, Sleeplessness, etc., their jarring and aching can be quickly ended with a Dr. Miles' Anti-Pain Pill.

Dr. Miles' Anti-Pain Pills are pleasant little pink tablets, which do not act on the bowels, nor do they have any disagreeable weakening or habit-forming effect on the system.

They are the result of the latest scientific knowledge on the subject of Pain, and bring relief safely and quickly to the greatest sufferer.

You should always keep a box of Dr. Miles' Anti-Pain Pills in the house, since you never know when pain may attack you, and it is wrong to suffer when your suffering can be so quickly relieved.

Dr. Miles' Anti-Pain Pills contain no opium, chloral, cocaine, morphine, or similar drugs, and are sold by druggists under a guarantee to relieve you, or pay your money back.

By relieving Pain, Dr. Miles' Anti-Pain Pills shorten suffering, and lengthen life. 25 cents. Never sold in bulk.

I have used Dr. Miles' Anti-Pain Pills when troubled with headache, and find that one pill infallibly effects relief in a very short time. I also use Dr. Miles' Nerve and Liver Pills when necessary, as I am considerably afflicted with neuralgia of the head and find these pills of much benefit to me. They are all that is claimed for them.—GEORGE COLGATE, 219 Oakland St., San Antonio, Tex.

Leave—7:30 a. m. and 1:30 p. m.

### CITY DIRECTORY SUPERIOR COURT.

3rd Mondays in April and October.  
J. J. Kinsey, Judge, Cleveland, Ga. W. A. Charters, Solicitor General, Dahlonega, Ga.

### COUNTY OFFICERS.

John Huff, Ordinary.  
John H. Moore, Clerk.  
James M. Davis, Sheriff.  
E. J. Walden, Tax Collector.  
James L. Healan, Tax Receiver.  
V. R. Hix, County Surveyor.  
Joseph B. Brown, Treasurer.  
D. C. Stow, Coroner.

### CITY GOVERNMENT.

R. H. Baker, Mayor.  
Aldermen: E. W. Strickland, J. E. McGee, W. B. Townsend, E. B. Vickery, T. J. Smith, W. P. Price, Jr.

Wm. J. Worley, Clerk.  
Geo. W. Walker, Marshal.

### RELIGIOUS SERVICES.

Baptist Church—Rev. W. C. Taylor, Pastor. Services Sunday at 11 and at night. Prayer meeting Thursday night.  
Sunday School at 9 o'clock.  
Methodist—Services every Sunday at 11 and at night. Rev. J. D. Turner, Pastor. Prayer meeting every Wednesday night.  
Sunday School at 9 o'clock.  
Presbyterian—Services only on 1st and 3rd Sundays.  
D. J. Blackwell, pastor.  
Sunday School 9 a. m.

### Harmony!

Editor Craig of the Eagle, says that Editor Thomas of the Dawsonville Advertiser, was in his city and said that Col. Ashley of this county, would run on the republican ticket for congress. That if he did there was but little doubt of his carrying Dawson. That Mr. Ashley was a gentleman of personal ability. That he came to Georgia from Ohio, was a close friend of Mark Hanna. Upon this Editor Craig goes on to conclude that Mr. Ashley will carry Dawson, Fannin and Pickens. He will probably carry Rabun, Gilmer and Cherokee. He goes on to say the populists and negro in all the counties must be reconed with. In fact Editor Craig sees fight ahead, and says:

"Now, if Mr. Ashley does conclude to run we must all get together and present an undivided front to the enemy. There must be no dissensions in our ranks. There must be no oratory of the 'Jubilee' variety."

Editor Craig's conclusions may be correct; they are gloomy enough, but we cannot believe the time has come when the old Ninth has become willing to surrender to republicans. It is true it is hard for professional men, lawyers, doctors, preachers, teachers, newspaper men, who were so bitterly attacked recently, to now go into battle with a song. But if a common enemy appears upon the waters we must clear the deck for action and each at his post must be. It is democracy now assailed, it is the common foe that assaults, and every one true to the faith and teaching and honest to their pledges in the primary, will bare their arm and enter into battle. Harmony must be the watchword. Harmony—Cherokee Advance.

### Political Psychology.

A stranger walked into the lobby of the Masury hotel yesterday afternoon and began to descant on the wonders of psychology. He said he was a specialist in that branch of science, and talked for some time about the effect a man's opinions have upon his personal appearance. "Why," he continued, "I can look at a man and tell his political preference. It is a very simple matter to tell a Democrat from a Republican. Down here you are all Democrats, but though it is a hard task I can tell a man's favorite for the presidential nomination by looking at him."

"Cigars for the crowd that you can," said a bystander. "Done," said the mind reader, "you yourself are for Cleveland." He was right but the scoffier muttered "an accident." "You," he said to another, "prefer Parker." He was right again, and "Wonderful," said the crowd.

Turning to a third he said, "And you are for Hearst." "You are a liar," was the unexpected response. "I have been sick; that is the reason I look this way," Thomasville Times-Enterprise.

It is good to be generous in small things. They make up the greater part of life and produce almost all of its sorrows and joys. Almost anyone can afford to be generous and open-hearted in three things at least—in geniality, sunny-heartedness and good nature. A smile and cheery words are worth more than gold. Many men who now and then do some generous big thing spoil the effect of it, and win little love because they are close-handed and mean in small things.

### That Love Letter.

The following is the love letter we mentioned last week. Read it. It is sweet:

APRIL FOOL—GOD BLESS YOU!  
WALNUT, GA.

MR. BEN SATTERFIELD,

MY DEAR FRIEND:

I feel that it is the Lord's will for me to try to write you a few lines this morning, as my mind has been placed on you for some time.

Well, Mr. Satterfield, you are sweetening—are the sweetest boy I ever saw, and I love you the most of any I ever saw; but I know you don't love me at all, but when I see you I will tell you how I love you, and if you love me at all, then you can tell me so. I would like to see you and get me a good old kiss. I think it would be nice, and so I could squeeze you and make your old sweet bones pop and make you say quit that, and then would squeeze the harder, for I love you with all my heart and part of my liver.

Ben, will you come up to see me? You must have your wet tips powdered, for I will be strictly ready for the kiss. So, I won't write any more till I hear from you. So, I will say good bye.

I will tell you my name when I see you.

The world is wide, and the sea is deep, and in Ben's arms I long to sleep. The world is wide and full of gravel, and a hold of Ben's coat-tail I long to travel.

### The Age of Hurry.

There is no backwater to which this impetuous tide of hurry has not penetrated, and if we try to find one wherein we may lie in a punt on pink cushions under a tree we are certain to be made restless by the long single hoot of a fuzzy steam launch or the short double one of a tearing motor car and instead of lying still we jump up and cry: "Oh, wait for me and take me! I'm in a fearful hurry to get there and do it with you!" And when we are taken in and have recovered our breath and are well on our way there to do it, we remember to ask where we are bound for and what we are going to do!—A Countess in London Outlook.

### Onions For the Nervous.

Onions eaten raw, with bread and butter, make a capital complexion clearer and nightcap, especially for the nervous person, who is generally inclined to lay awake at nights and to make up at disheartening early hours of the morning. Slice the onions thin and sprinkle lightly with salt to take off the raw, crude taste, and have the bread thin and a good deal of butter. Talking of nervousness, there is no better nerve food than good butter.

One of the surprises in the primary election in Georgia was the defeat in the 9th Congressional District of Congressman Carter Tate by Hon. Tom Bell of Gainesville. The writer has known Mr. Bell for many years, for he once traveled this territory for a drug house. He is a brainy young man and the 9th district will have no cause to be ashamed of his choice. We join his many friends in extending congratulations.—Murphy Scout.

Taxes are paid on 20,000 dogs in Berlin. In addition to these there are 2,163 watch dogs, 221 belonging to blind and deaf people, 2,951 used for drawing small carts and 118 belonging to the kaiser.

Commissioner of Agriculture O. B. Stevens says that this will be a record breaking year with the department to the way of fertilizer tags. The department, he says, will turn \$60,000 net into the state treasury this year, or an increase of \$40,000 over the amount paid in last year.

We congratulate Brother Carl Shultz of the Dahlonega Signal, upon his recent nomination as Representative of Lumpkin. He has the ability, progressiveness and energy to make a good member of the Georgia Legislature.—Cherokee Advance.

There was just one county that raised more cotton than Jackson last year, and that was Barco—34,622 was her number of bales and Jackson's was 36,685.

The Gainesville Eagle of last week, states that Mr. Ashley of Dawson county, will certainly be the republican candidate for congress in the 9th district.

The Russians and Japs had it hot and heavy one day last week. The Japs is reported as losing 10,000 men and Russians 7,000.

A few days ago Mrs. R. L. Taylor was granted a divorce from former Gov. R. R. Taylor of Tennessee.

The next state meeting of the School Commissioners will meet at Tallulah Falls.

## INDIGESTION

"I was troubled with stomach trouble. Thedford's Black-Draught did me more good in one week than all the doctor's medicine I took in a year."—MRS. SARAH M. SULLIVAN, Elmerville, Ind.

Thedford's Black-Draught quickly invigorates the action of the stomach and cures even chronic cases of indigestion. If you will take a small dose of Thedford's Black-Draught occasionally you will keep your stomach and liver in perfect condition.

## THEDFORD'S BLACK-DRAUGHT

More sickness is caused by constipation than by any other disease. Thedford's Black-Draught not only relieves constipation but cures diarrhoea and dysentery and keeps the bowels regular.

All druggists sell 25-cent packages.

"Thedford's Black-Draught is the best medicine I have ever used."—MRS. A. M. GRANT, Sneads Ferry, N. C.

## CONSTIPATION

The family medicine in thousands of homes for 52 years—Dr. Thacher's Liver and Blood Syrup.

[illegible]

## Local News.

Watch the dates of your paper and renew your subscription when the time expires.

Several of our citizens are anticipating attending the World's Fair at an early day.

You can get enough Florida cabbage here now for a nickel to put the taste in your mouth.

Mr. Allen Stringer, after living in Gainesville two years, tells us that he has moved back to Lumpkin county to stay.

A new kind of a bug has appeared here this spring. It is just as severe on the mustard as the others are on the potatoes.

When Dr. Palmour of Dawson county, returned home from Dahlonega a few days ago he took unto himself a partner for life.

Why don't the Sunday schools of Dahlonega combine and have an old time picnic over on the Sand Branch back of Prof. Gaillard's residence, like they use to?

Rev. S. Y. Jameson, secretary of the Baptist Mission Boards of Atlanta, has been selected to preach the next commencement sermon of the N. G. A. College.

A few of the students registered in this county and voted in the last primary. Since then the city marshal has called on them for their street tax and they paid it.

Mr. A. C. Shuler, at one time a student of the N. G. A. College from Union county, is now at Athens, Ga., and writes that he can't get along without THE NUGGET.

Mr. Frank Ash killed a coach whip snake one day last week measuring six and a half feet. It is the first one we ever heard of in this section. It was trying to make its way to Mr. Ash's daughter with its head two feet from the ground.

We were informed by one of the recent grand jurors the other day, that a woman who use to live in this county, and now resides in Tennessee, still draws her state money here. And yet the grand jury says all on the Lumpkin county list, are entitled.

Mr. Preston, who was in Dahlonega twelve years ago, came up a while last Saturday with Mr. W. T. Bryson. Since leaving here he has been to Europe and nearly all over the world. We were glad to have a call from him again while here, during his travels.

We stated last week that Virgo Parks of this county, charged with violating the Internal revenue law, had waived bond for his appearance in Atlanta. This was a mistake. He only made a preliminary bond, and the other day, after getting his witness, had a trial and was discharged.

Mr. "Dug" Bryson, who was born and reared in Lumpkin county, came up last Saturday after a wagon load of flowers for Dr. Stow of Dawsonville. Dug always likes to visit Dahlonega and meet the few left who use to be here when Lumpkin was his home, and we are always glad to see him too.

Our friend and patron, Mr. D. P. Hyden, formerly of Lumpkin county but now of Atlanta, has formed a copartnership with one of his brothers and gone into the mercantile business in that city. This is what they say of their favorite paper: "Let her keep coming as we cannot do without THE NUGGET."

Some time ago a number of citizens petitioned for a certain new road to be made in Chestatee district. After advertising it according to law, there being no opposition brought forward, Judge Huff granted the order. Now within the past few days a counter petition three times as large as the first has been presented, but these people have slept over their rights. So the new road will have to be made and if those opposed to it don't want to travel this one they will have to go the other route.

New subscribers are still being received. Thanks to one and all. Another cool wave struck Dahlonega last Monday.

Messrs. B. R. and Frank Meaders have been off for several days in search of horses to purchase.

Low country visitors desiring a nice, pleasant place to summer the coming season should bear in mind that Dahlonega is the place.

We regret to learn that Mrs. Daniel Howell is very sick at her home in Auraria with pneumonia. Mrs. Howell is very old and her condition is said to be dangerous.

C. A. Patterson, charged with cheating and swindling, and the jury failed to agree court week, has been released from jail on bond. Dr. Cavender of Hall, signed it.

James Austin, col., an industrious farmer who lives out in Shoal Creek district, and had about the only peaches in this county last year, informs us that his trees are full again. He lives on a ridge and the frost rarely ever kills his fruit.

We turned out several jobs for persons living in this and Dawson counties last week. If there is others in need of any work in the printing line let them send it in. We have a very large supply of blank paper and envelopes of various kinds.

Mr. J. B. Thomas of the Dawsonville Advertiser, was up a few hours last Saturday. John is an old friend of ours, and we will never forget a special favor he did for us several years ago. He may have forgotten it. We haven't, nor never will.

More complaint comes from our subscribers at Walnut. They fail to get their NUGGETS regularly. Let each one who has had trouble about his mail up there, drop us a letter so we can present the matter to the post-office department if it occurs again.

Not long ago a church was burned by some mean cuss over in Union county. Then confusion got up in some way at Mt. Zion church and a gentleman, while in Dahlonega this week, informed us that 28 or 24 of its members had been dropped from the roll at one time.

Uncle Dan Davis was in Dahlonega last Sunday, looking unusually sad, but we paid but little attention to it at the time. We have since learned that his wife and daughter both left him and had been gone several days, which caused him to start out on a search. He returned without learning their whereabouts, so we understand, and whether they are still absent from the old man's home we do not know.

Contrary to the rules of the department, persons are allowed to remain in charge of some of the county post-offices in this county who can neither read nor write, and when a persons goes to the office who cannot read either, he or she fails to get their mail if there is no one near that can. A gentleman was telling us this week about a lady in a certain post-office, not being able to tell when some mail was called for, and to be accommodating, gathered up all the mail in her apron and carried it away off into the field to the only one of the family who could read, and here the party got his mail. Isn't this nice management?

We understand that on last Saturday, some where near Philippi church, Will Jones of Chestatee district, Sam and Dora Anderson and Jim Hatfield had an intoxicating row, and rocks were used to perfection. However, before they commenced using these weapons, Will Jones' mule, which was left standing to a buzzy, got scared and ran off. Will took after it and this caused him to be out of the fight. At last accounts the mule was still running and on Sunday morning parties were out hunting for it. When a horse or mule gets disgusted with such conduct and runs off and hides, it is certainly time for people to stop it.

Georgians visiting the World's Fair will find THE NUGGET on file in the Georgia building.

Mr. and Mrs. James Quillian of Belton, Ga., spent last Sunday in Dahlonega with relatives.

Mr. Alex. McAfee of Atlanta, spent a few days here this week with his father, Mr. W. H. McAfee.

If you need any pure 11 year old liquor for medicine read the ad. of The Casper Co., to be found in another column.

Mr. F. G. Thomson, of Toledo, O., after remaining in Dahlonega for several days, returned to his home last Saturday.

Mrs. Luck of College Park, Ga., came up last Friday and carried her son home who has been attending college here, after being sick several days.

Gen. Warner, located in Hall county, Judge W. W. Murray of Tennessee and Mr. Rothford of Kentucky, have all been visitors here this week.

On Saturday night it rained the longest, hardest, and the most that we have had for many months, although the ground was so dry it couldn't cause the streams to rise much.

The secret wedding we referred to in THE NUGGET last week as occurring on the 9th of April in Dahlonega, was Mr. Joe Ricketts and Miss Delphia Lewis, John Ricketts officiated.

One reason some people are so poor and always crying out hard times, they put what they earn on their backs, just for an outside appearance, and often go in debt for a part of that.

A little ten-year old boy stepped up to us last Saturday and subscribed for THE NUGGET. This ought to make some men who say they are not able to take their county paper ashamed of themselves.

Mr. D. T. Quillian of Land, Ga., one among our old subscribers, came over last week, and while here threw us a dollar and told us to never stop THE NUGGET, even if he did not happen to think about renewing his subscription at the time it expired every time.

While up at the Gorge the other day, we saw one of the little eyed Howards who resides in this county. It is said that the families of those who live here, are the only people of the kind in the world. Their eyes are very small but they can see just as well as those having large ones.

The contract for grading off the ball ground of about three acres for the college boys, was awarded to W. W. Crisson for \$249.75. There were three other bids made as follows: F. L. Reese and John Jenkins \$236, Boyd Gurley \$224, Tate and Litterfield \$800. Mr. Will Crisson and Boyd Gurley will be partners in the contract. There were two less bidders than the one receiving the contract. Why the committee made the award this way we do not know, but it has caused a good deal of dissatisfaction to say the least of it.

The North Georgia Electric Co.'s meeting was largely attended last week and very harmonious. All our northern friends were convinced that the proposed line from Gainesville to Dahlonega would pay, but this is a year for a presidential election and a hard time to raise money and we cannot expect but little, if anything, done towards this railroad till next year. And another thing, the disturbance in financial circles last summer is still effecting the country. A recent date of the Railway Age has this to say on the subject: "The outlook for railroad building in the United States is not as promising as it was a year ago. There has not been complete recovery from the check in new work which followed the disturbance in the financial world last summer, and while a large amount of building has been planned, much of it is being held up under financial conditions, yet more favorable."

Look out for another boom in Dahlonega.

The jail is empty now for the first time in six months.

Look at our advertising columns and be sure to give our patrons a call when you need anything in their line.

The all-day singing up at Concord last Sabbath was enjoyed very much by every one who attended it.

Mr. L. C. VanVleck, who has been located in Dawson county for some time, has been among the large number of visitors here this week.

Mr. M. Chester and his son, Harry, after being off two or three months, returned on a visit home here last week. Both have gone back.

Inspector W. G. Olbear of Atlanta, came up and examined the cadets last Tuesday, and from all appearances seemed well satisfied with the way they drilled.

At six o'clock Wednesday morning we heard a certain father trying to get his grown daughter out of bed, before her sweetheart called, we suppose.

Mr. Frank Bramlett of this county, who was injured by a train on the Southern railroad, near Athens, during last July, has sued the company for \$5,000 damages.

Mr. Charlie Anderson came in to town last Saturday while drinking considerably, and it caused him to get into the lock-up. Five dollars settled the bill.

Gen. Hardin of Kentucky, and Mr. J. W. Alexander of South Carolina, after spending Monday night in Dahlonega left the next morning by the way of the Jumbo Mine.

Young hens, old hens, setting hens or any other kind of hens are scarce in Dahlonega now, even at 30 cents a piece—two and a half cents more than they are worth in Gainesville at this time.

A special U. S. agent passed through Dahlonega this week on his way to Union county to investigate some pensions. Georgia should have agents like this to look after her pensioners when they get crooked.

The Pi Kappa Fraternity, instead of having its annual picnic last Monday at Porter Springs, had a banquet at the Girl's Dormitory, and a nicer or more enjoyable occasion of this kind never occurred in Dahlonega.

Rev. Mr. Quillian, who has preached a number of most excellent sermons here at the Methodist church during the past few days and created such a good feeling among its members, has returned to his home, with the best wishes of the many friends he made while in Dahlonega.

Some of you wanting things on a credit will call on your home merchants for a favor, but when you get up a little money you will go to Gainesville and spend it and not as much as a dollar of it is ever returned to your county, and when tax paying time comes you will complain of money being scarce. Such acts as this cause it.

The burning of the brush Tuesday night over on the college property where they had been clearing, caused some one in town to yell fire, and many of our citizens broke in the direction of the place very much alarmed until they found out what it meant. This is one time the agricultural department of the N. G. A. College attracted the attention of all of our citizens.

Next week we will publish the muster roll of the Blue Ridge Rifles or Co. E, Phillips Legion Infantry, who volunteered July 1, 1861, and served through the Civil war and surrendered at Appomattox Court house in 1865. It numbers 95 men, and was furnished by Mr. J. M. McDonald of Lumpkin county, who was captain at the time. It contains the name of each man killed, and the location, and is full of interest.

Col. A. G. Sharp of Atlanta, was among the visitors here this week.

Mr. John H. Moore has been very sick again this week with appendicitis.

The commencement of the N. G. A. College begins on the 12th of June.

The Methodist meeting closed last Wednesday night till tomorrow with one accession to the church.

We understand that Mr. Barney Jarrard and Miss Manervy Turner were wedded up in Chestatee district last Sunday.

The refreshing rain of Sunday night was a big help to growing vegetation, and caused both gardeners and farmers to have a very pleasant look for several days afterwards.

Mr. Robert Edmonson of Fannin county, was over this week looking at Mr. John Montgomery's farm with an eye of purchasing it and becoming a citizen of Lumpkin.

The following are the recently elected officers of the North Georgia Electric Co.: President, Gen. A. J. Warner. Vice, W. A. Carlisle. Secretary and treasurer, E. S. Copeland.

When a married woman drops the curtains so she can kiss her sweetheart, she makes a big mistake, for it might cause slight remarks to be made about one or the other, or both.

A party at a distance first sent to us for THE NUGGET, and then requested another man to do so, but he didn't remit the money, although he said he was making \$1.50 per day, is the reason he does not get it. Send the money and the paper will come.

We have heard a number of persons wondering why the officers don't enforce the vagrant law in this county. Able-bodied persons loafing around and dead-bent every one out of all the times they can, most certainly lay themselves liable to be handled under this law.

A goat, belonging to Stevie Rice, fell 20 feet into a cut and lodged on a place just large enough to hold it, down at the Hand Mine a few days ago, where it remained for six days and nights without food or water before it was found and rescued. The question is, how long can a goat fast?

Geo. Garmon of Dawson county, was tried here last week on the charge of being connected with an illicit distillery. A fellow by the name of Lee, now serving out a sentence for a similar offense, swore that the distillery belonged to him and that Garmon had nothing to do with it. Then the defendant was discharged.

Our city had a flying visit this week from Messrs. Greenleaf and W. F. Huntley, both of Jacksonville, Ill. Mr. Huntley has been to Dahlonega before, but it is Mr. Greenleaf's first visit, even to Georgia. He was very much delighted with our beautiful mountain town and we hope he will make it convenient to come again and stay longer. The same wish towards Mr. Huntley.

For several years Mr. J. H. McKee lived in Dahlonega. About eighteen months ago he returned, himself, to Dawson county and resumed his business there. His family remained here and his children received the benefits of the school free, like all those residing within the corporate limits. During court week Mr. McKee was summoned to attend court. After serving as a witness for several days he testified that he resided in Dawson and drew about eight dollars from the county treasury. This located Mr. McKee's residence and the school board requested that he pay a dollar per month for each of his children attending school during the 18 months. He did so and the amount was \$28. Mr. McKee said he had to claim Dawson as his home to hold the post-office.

Mr. R. W. Walker has returned from New Orleans.

Judge Huff is thinking of putting in electric lights in the court room.

More cotton has been planted in this county this season than at any time before in years.

Mr. Lance of this county, informed us that he saw some frog on Thursday morning.

Wm. Bryan of Nimbalew district, was bound over here Wednesday charged with illicit distilling.

Rev. J. W. Twigg requests us to state that the quarterly conference for the Lumpkin Mission is changed from the 8th of June, to the 25th of May.

At J. F. Moore & Co. you will find Standard Sewing Machines and all kinds of sewing machine needles. Ladies and childrens low cut shoes. Nicest lot of clothing in town.

See H. D. Gurley's line of shoes. Women's low shoes \$1.00 and 1.50 per pair. Children's Colonial slippers \$1.00 pair. Men's tan shoes \$2.50 pair, and various others. Call and see them before purchasing.

We are now selling our spring dry goods and notions cheap. Come and see what bargains we are giving. We will not wait until the season is passed before giving you these bargains but give them now while you can take the advantage of them.

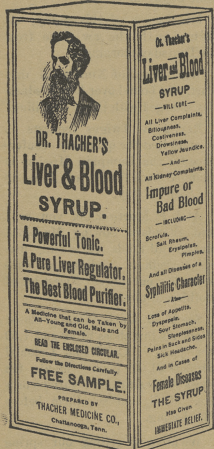

FRANK L. REESE.

Next Friday will be five months since the tax collector of Lumpkin county closed his book for the year 1908 and his final settlement has not yet been made. The f. f. as, were put into the constables hands amounting to two or three hundred dollars for which Mr. Walden says they have not yet reported upon. These f. f. as, were given out without a single one being received on the execution docket in the ordinary's office as required by law, so we are informed. Some property was levied on by the bailiffs and the taxes collected at the first of the year, while the collection of the taxes on some others were held up. Why didn't they serve all alike by collecting what they could, pay over the money and make the proper entries on the f. f. as, that were not collectable so the collector could wind up the business of the old year? This ought to have been done by the first of February. Other collectors in Georgia did it. Had this been done the ordinary would not be paying the interest on as much borrowed money as \$700 today to run the last court of the county. This way of allowing some parties five or six months time after the tax book closes is neither business nor justice.

We have heard well to do people grumbling about trouble and hard times when they didn't realize it. This we will prove to you in a very few minutes. There live in the western portion of this county James Carter and his wife. They have not been blessed with health and plenty like many. No more industrious people than these live on the face of the globe, for they work all the time when well. He is a chair maker by trade. Jim makes the rounds, puts them together and his wife bottoms them. He ties six of these chairs together and pokes them on his head down to New Bridge, Ga., a distance of eight miles from his home and sells three for a dollar. People enjoying health all the time couldn't make much of a living at such prices. But this is his trade and it is the best he can do. The other day his wife got sick. A kind neighbor put his own boy on his mule and started him to Dawsonville after Dr. Stow. The doctor wouldn't come because Jim owed him some. What was the result? For the want of medical treatment an infant is now resting beneath the sod in a lonely grave yard out there, who otherwise might have lived, grown up and been able to pay the doctor all that its father owed him some day.

**Thacher Medicine Co.**  
CHATTANOOGA, TENN.

Robinson Crusoe's Rescue.

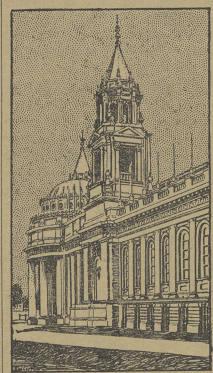

It was only after Selkirk had watched from his familiar lookout, in fair weather and foul, for more than four years that he was finally rewarded by the sight of his old ship. When Captain Dampier landed upon the beach, Selkirk was already standing on the edge of the forest, waving a white flag. In honor of the visit, he wore his last shirt, which he had carefully kept for years for this occasion. The captain afterward noted in his account that Selkirk spoke in a voice which, for all his pained, sounded scarcely human. His feet had been hardened like leather from long exposure. For many weeks he had refused to touch any liquor, nor had he any appetite for civilized foods. Selkirk greeted his old shipmates with a delight that may be imagined, and before leaving his island, he entertained the ship's crew in his "house."

The island was visited but once by any ship during Selkirk's long exile. A Spanish ship once landed on the island a small company who caught a glimpse of Selkirk. In those days the Spanish were deadly enemies of the English, and doubtless Selkirk had recognized the ship's colors from his lookout, and drawn his own conclusions. In the story of Crusoe, it will be remembered, Defoe makes much of this visit of the Spanish, and has them prostrate themselves before Crusoe as the "governor of the island." As a matter of fact, however, Crusoe (or Selkirk) played as much less dignified part than Defoe would have us believe. The Spanish shot at and chased him for some distance without success. A bulldog which they had brought ashore was pressed into service; but Selkirk, from his long training with the goats, outran the bulldog. Growing tired of the chase Selkirk finally climbed a tree. The Spanish built a fire and camped near his hiding place, but finally left without discovering him. The solitude and many hardships of this lonely life would doubtless have driven most men crazy. Selkirk, however, kept his wit throughout it all, and when he finally returned to Scotland, after an absence of eight years, was able to take up his old life where he had dropped it, and, despite his barbarous life, was still a civilized man.—From Francis Arnold Collin's "Robinson Crusoe's Island," in St. Nicholas.

## WORLD'S FAIR HOTEL ACCOMMODATIONS.

St. Louis Hostilities Prepared to Handle Vast Throngs—Prices Not to Be Increased—Hotel Inside of the Exposition Grounds With a Capacity For 6,000 Guests.

Ample hotel accommodations have been provided for the World's Fair visitors at St. Louis both within and outside of the Exposition grounds. The Exposition management has organized a free information service. A pamphlet has been issued for gratuitous circulation explaining many of the conveniences that have been provided. A list of all the hotels, with rates, is contained in this pamphlet. The entire city has been canvassed, and many thousands of private houses

holders have arranged to receive visitors. These houses are in every section of the city, and the rates at which guests will be received is a matter of record on the books of the bureau.

The inside inn, a hotel on the Exposition grounds, has a capacity for 6,000 guests. The Exposition management has control of the rates, which have been fixed at from \$1.50 to \$3.50 per day, European plan, including admission to the grounds. On the American plan the rates range from \$3 to \$5 per day. The hotel is 400 by 800 feet and is three stories high.

There are more than 150 established hotels in St. Louis, and a signed agreement has been made between many of their managers with the Exposition officials that rates shall not be raised during the Exposition period. Many new hotels have been built on sites adjacent to the Exposition grounds, and the published fixed rates warrant the assertion that no one need pay exorbitant rates for accommodations either at hotels or private houses.

Among the new hotels may be mentioned the Hotel Napoleon Bonaparte, which stands at Clayton avenue and Skinner road, overlooking the Exposition grounds. This hotel will accommodate 5,000 persons. The rates, European plan, are from \$1 to \$3 per day. The Grand View hotel, south of the Exposition, on Oakland avenue, has a capacity for 5,000 guests, and the rates are \$1 to \$1.50 per day. European, and \$2 to \$2.50 per day on the American plan. The Kentworth, on West Park boulevard and Hillon avenue, has a capacity of 1,500 guests, with a rate of \$1.50 per day.

The above mentioned are a few of the new hotels that have been erected near the Exposition grounds for the accommodation of World's Fair visitors. All told there are about two scores. All are within easy walking distance, and all are situated on high ground, with comprehensive views of the grounds. All of the structures are well built, and in some of them the most luxurious quarters are obtainable. The rates are established and will not be increased during the Exposition.

## NEW MUSIC FOR WORLD'S FAIR

Three Compositions by Famous People.

Musical people and all who appreciate good music may thank the World's Fair for three notable compositions, written upon the invitation of the Exposition management. These are the "Hymn of the West," by the most distinguished living American poet, Edmund Clarence Steadman, the music for which was written by Professor John K. Paine, who is at the head of the music department of Harvard university; "Londana," a march by Frank Vanderstucken, leader of the Cincinnati Orchestra; a waltz, "Along the Plaza," by Henry K. Hadley of New York, who has won his laurels long before this as writer of operatic and other musical compositions. This music will be heard publicly for the first time upon the opening of the Exposition on Saturday, April 30, and frequently thereafter in the musical programmes of the greatest of world's fairs. These are the only official compositions.

Thirty thousand dollars will be given in prizes for the best bands at a tournament to be held during the Exposition. All through the World's Fair the musical features will be prominent. The most famous bands of the world are under contract to participate during considerable periods. Among these are the Le Cercle Republicain band of France, the Royal Grenadier band of England, the American National band, Sousa's band and others.

## Affliction That Pays.

A psalmist once said: "It is good for me that I have been afflicted; that I might learn Thy statutes." He might not have sought the ways of God had he not found his own ways hedged about him. His experience was that of men who discovered riches in affliction which were otherwise not to be found. The depth of human love and sympathy would never be known if it were not for affliction. Through sorrow there has often poured a wealth of love and affection, marvelous in its sweetness and power. It was not until he was afflicted that the psalmist saw the glory of the holy law. It is in affliction also that the glory of human love shines out, richer by far because it is charged with the holy love of God. Yes, it is a dear price to pay, but in the afterglow we shall be able to say that it was worth paying.—Baptist Union.

"If the jury up stairs don't hang you, then they ought to burn down all the court houses in Virginia," was the remark of a Judge the other day who was trying a negro for burglary. The negro, while in the house, went towards a young lady who was in bed and commanded her to keep quiet, and when the lady screamed the scoundrel grabbed her. The only charge that could be preferred was burglary, but the police justice, knowing that under the Virginia law the burglary of a private house, between certain hours, is a capital offense, gave expression to the remark.

It is asserted that the total expenditures under the Roosevelt administration had been \$2,640,000,000, or \$221,000,000 more than the four years of the McKinley administration and \$883,000,000 greater than in the four years of the Cleveland administration. These increases he sub-divided as follows: Civil administration \$160,000,000; naval \$281,000,000; military \$284,000,000.

## Nerve Fag.

If You Waste Your Nerve Energy, After While You Will Suffer For It.

You can waste nerve force by excess, over-work, worry, anxiety, etc. You can weaken yourself by not eating proper food or securing sufficient rest to renew the nerve energy you use up. The proper treatment, in addition to good phosphoric food, such as whole meal bread, prepared cereals, etc., is Dr. Miles' Restorative Nervine.

This is as truly a brain and nerve food as any food you could eat, and besides, furnishes strength and tone of its own, which goes to the weakened nerve system, and sets it to rights. Dr. Miles' Restorative Nervine is a refreshing, revitalizing tonic food-medicine for the brain and nerves. It reconstructs worn-out nerve tissue, and fills your languid brain with new life and vigor. Dr. Miles' Nervine has made so many marvellous cures, of people so sick the doctors thought they were incurable, that it is today the standard medicine in many thousands of American homes. The first bottle is guaranteed to help you, or druggist returns your money.

Free Write to us for Free Trial Package or Dr. Miles' Anti-Pain Pills, the New Scientific Remedy for Pain, All Symptom Bane. Our Specialist will diagnose your case, tell you what is wrong and how to treat it. Free. DR. MILES MEDICAL CO. LABORATORIES, ELKHART, IND.

D. J. Blackwell, pastor.  
Sunday School 9 a. m.

### Dahlonega's Oldest Merchant.

Our fellow townsman, Mr. B. R. Meaders, is the oldest reliable business man in Dahlonega. He has been in the general mercantile business, and a dealer in live stock, for more than half a century, and always made a success. Has bought stock here and in adjoining counties for the past 35 years and sold at one place for twenty-five. The first time he went there was only one store. Now there are a dozen or more large brick stores, two banks and two railroads. So he has helped

B. R. MEADERS.

both sections. Mr. Meaders has never misrepresented a horse in order to make a trade and is not selfish with his business knowledge. Is never better pleased than when telling about his losses and gains in trading stock. Several have gained by his experience who are now in the stock business. A citizen remarked not long ago, that Mr. Meaders paid him the first money he had received after the war—\$125.00, for a mule. This gentleman has been of great benefit to all this country in buying stock and paying cash for it, because when a person buys at good prices that which the country produces, is a benefactor and deserves the approval of the people. He has always advised farmers to raise more and better stock, so as to improve their condition. Before the stock law became of force Mr. Meaders drove his stock through the country to the lower counties of Georgia, leaving with fifty head or more. Took wagon and tent and camped out. He has spent thousands of dollars of South Georgia farmer's money in this and adjoining counties.

Mr. Meaders is an old time Methodist and believes in congregational living, and is a good useful citizen. Only wish that we had more like him. He never tasted whiskey or used tobacco in any form and will not cast a vote for a person he knows uses whiskey while electioneering.

Mr. Meaders has just returned from buying his stock for summer use, accompanied by his son, Mr. F. M. Meaders.

We will surprise him with this much of his history. Honor to whom honor is due.

When Mark Twain, nursing his firstborn, was asked by a friend if he loved it he drawled in reply, "I don't exactly love it, but—I respect it." Dr. Johnson was of somewhat the same opinion, for when Boswell asked what he would do if he were shut up in a castle with a newborn infant the doctor confessed he should prefer solitude. When Charles Lamb was asked how he liked babies he made stuttering answer, "Madam, I like them b-b-oiled."

The Supreme court has decided that you cannot bet on horse races in Georgia. This is a good decision.

### MUSTER ROLL.

Blue Ridge Rifles or Co E,  
Phillip's Legion Infantry.

Below is the list of those who volunteered July 1, 1861 and served through the civil war and surrendered at Appomattox C. H. in 1865:

A. J. Reese.  
E. P. Morrison, died at Richmond, Va., of a wound received at Fredericksburg, December 13th, 1862.  
W. A. Spencer, transferred to 18th Ga. regiment.  
B. F. Sitton, discharged near Winchester, Va., October 14, 1862.

## Local News.

Hall's Villa has been lively with visitors this week.

Mr. John Cook is speaking of returning to the West right away.

Mrs. J. H. McKee has been quite sick for several days, but is better now.

Mr. James Phillips and his son, who have been at work down in Alabama, returned a few days ago.

Miss Vena Chambers and Mr. John Chambers of this county, were wedded the other day by Squire Hollifield.

Yes, that's right. When you fail to get your NUGGET let us know and we will look after it and see where the trouble lies.

Maj. Tilson twisted his left leg a little out of "gear" the other day while playing tennis causing him to have to use two crutches.

It is said that mill men who run the saw dust into the streams of this county, kill all the fish by the pine dust flowing into their gills.

All dogs that were bitten here last Saturday by the one passing through Dahlongega, supposed to be a rabid dog, are being kept up until further developments.

Mr. Harry Tregent of the Barlow Mine, has moved to Dahlongega, and occupies the Mrs. Craig house. His sister has already arrived from the North. Welcome.

The Coronet Society had a picnic down about the Hand Mine last Monday. All went early and stayed late, and a more pleasant time was never enjoyed at a gathering of this kind before.

The other Sunday some boys were engaged in target practice out at Cane creek falls. Boys, it is wrong to do a thing of this kind on the Sabbath, and we hope this will not take place any more.

Last Saturday while the three-year-old girl of Mr. Tom Smith of Dahlongega, was handling some matches her clothing caught a fire and she was severely burned before the flames could be extinguished.

It has been so cold here this spring that we suppose most of the whippoorwills have gone back into winter quarters. Such weather as this was never experienced in this section in May before. Really we have only had two or three warm spring days.

An entertainment will be given at the college chapel next Saturday night, the proceeds of which will be used to help pay the expenses of treating little Fred Johnson in Atlanta, who was bitten by a mad dog in Dahlongega last Saturday afternoon. Fred is a good little boy and this shows how well he is liked by our citizens who are always willing to help deserving people.

There has been trouble in the camps up in Jones' Creek district recently, from all accounts. Three different warrants have been issued against parties, all of whom waived examination and made bond for their appearance at the next term of Lumpkin Superior court, being Sam Lingerfelt, Coley Collins and the latters boy. The boy is charged with stealing apples last fall, and Sam is charged with tearing down a fence and destroying some apple trees.

Paul McDougald, the boy who married in this county not long ago, seemed to be in a heap of trouble the other day. He would run along behind his wife and yell like a little ten-year-old child and get down into the road and roll over like a sick colt. So loud was his screams that it attracted the attention of parties who ran for life to see who it was hurt. She would tell him to come on, that she would leave him if he didn't. Then he would cry out, "Lord, have mercy on me. You will trouble me till I kill myself." But it is said that the kind wife made a little whistle and coaxed him along, for fear that he might fall and tear his knee joints.

Miss Mattie Huff of Wahoo, visited Dahlongega this week.

Price of admittance into the entertainment tonight 15 and 25 cents.

A Union county letter is crowded out of this issue, but will appear next.

Mr. J. P. Coates of Toledo, was down this week looking after his mining interests in this county.

Mrs. Maud Kerr, after spending some time here, left for Chattanooga, Tenn., last Thursday. She was accompanied as far as Gainesville by her mother, Mrs. W. J. Worley.

Prof. Davis, who has charge of the agricultural department of the N. G. A. College, is experimenting with cows, by trying different kinds of grass to see which will produce the most milk.

Mrs. T. S. Littlefield has been very sick this week with measles but is better now.

Mr. Will Worley of Gainesville, came up last Saturday and spent the night with his parents.

John Witt, some days ago got to, experimenting with some powder and the result was he got his face pretty badly scorched.

Mr. T. M. Keyers of New York, was in Dahlongega a few days ago, looking up hands to work down at the Elbow Mine in this county.

Miss Miranda Harris, a daughter of Mr. Bud Harris, deceased, was wedded a few days ago to Mr. Arthur Patterson. Both of this county.

A piece of the electric light machinery, down at the Consolidated plant, gave out last Friday night and our city has been in darkness for several nights.

Do you wish to locate where there are schools for all grades and sizes? If so, come to Dahlongega. Her educational facilities cannot be surpassed anywhere in Georgia.

We understand that a dog of James Satterfield of this county, recently acted very strange and bit every thing it came to and supposed to be another mad dog was killed.

What about certain young people meeting out at the cemetery and exchanging words of love? It may seem strange, but it is no more strange than true, and occurs on Sunday.

The infant of Mr. and Mrs. Geo. Adams, residing in Chestate district, died the other day, after living about a couple of hours. It had no legs and was deformed otherwise.

We have a good lot of ministers in Dahlongega this year who are accomplishing much good. They go at their work cool and quietly and do not try to use any of the San Jones methods.

Messrs. Howard & Shultz of the Signal, are thinking of going out of the newspaper business in a few days. Mr. Shultz thinks of reading law, but we do not know what Mr. Howard intends following.

Friends, if you happen to get into any trouble please don't ask us to keep your name out of the paper, for we won't do it. We mean to give the news of the county and if any trouble falls to your lot it is your misfortune, not ours.

The Bell Telephone Co., phoned Mr. R. C. Meaders of Dahlongega, a few days ago that it wanted him to build a short telephone line down in South Georgia, and Mr. Meaders left this week to see about it. It is said that hands are very scarce down there now and if he is unable to secure any of course he will not take the contract.

The funeral of Malinda Stephens and Peter Goodcock, two good old time darbies who died in this county some time ago, will be preached the 5th Sunday at Hickory Grove church, we believe is the name of the house of worship. They were liked by everybody and no doubt there will be a large attendance of both white and black.

Joe Davis, a son of Sheriff Davis, left this week for Alabama.

We have blank bond and linen paper to cut for you any size.

Miss Kate Favors left Wednesday to see her mother in Atlanta who is very sick.

If you wish any beautiful photographs of mining views here call at the Portrait Gallery.

Mr. Howard Ash has gone to Athens, Ga., to accept a carpenter's job at a good price.

Dr. Head relieved the little six-year-old girl of Mr. Wm. Stinson of a tape worm, measuring three feet long this week.

We are glad to state that Mrs. Dan Howell of Auraria, is improving and will soon be well from fever again if she gets no back set.

Nearly everybody, who could get a conveyance, went either to Yahoola church in this county, or to Yellow Creek (Hall) last Sunday.

Bro. Thomas of Dawsonville, has purchased the Howard job press at Dahlongega, moved it this week and is going into business right.

Don't forget the entertainment at the college tonight. A large crowd is expected. The program is a good one and will be very entertaining.

Our office neighbor, Mr. Alonzo Benson, had a mess of new Irish potatoes last Sunday and didn't say a word about it to us until he devoured even all the cold ones.

People should be careful and carry out their word, more especially when they belong to the church, and we have no use for those who deceive people by false statements.

While they last, we have hand-some brass curtain rods at 25c each. Galvanized candle stick holders at 20c each. Coffee strainers at 5c each. Glass dipkies at 10c. H. D. GURLEY.

We have purchased all of Messrs. Howard & Shultz book and other job paper. This added to our already large supply of stationery, better enables us to suit our patrons with anything they want in this line.

The credential committee of the board of trustees of the N. G. A. College, has been quite busy this week in examining the many applications already sent in for the presidency of the college. Chancellor Hill has assisted.

Chancellor Walter B. Hill of the State University, made the N. G. A. College his annual visit first of the week and carefully examined every department of the institution, and on Wednesday delivered a very interesting and instructive address to the students.

Prof. Reed, who has charge of a female school some where in Virginia and one of the many applicants for the presidency of the N. G. A. College, spent several days in Dahlongega this week, getting acquainted with the people, more especially the trustees of the college.

The use of a chickens leg caused Mr. R. H. Webb to be able to enjoy a mess of new Irish Potatoes earlier than any other party in Dahlongega, that we have heard of. It occurred last week. Mr. Webb had a lot of chickens and while scratching in the garden, unearthed a nice lot of potatoes. This is the first time we ever heard of a chicken being beneficial in a garden.

On last Tuesday Mr. Jim Sullivan of this county, was killed by a tree. He had felled a large one and it lodged, and while trying to get it to the ground it fell in a different direction to what he expected, mashing his skull, breaking his collar bone and legs. The deceased had just finished paying for his home and only the night before was looking over some insurance papers he had received, and told his wife that he believed he would take out a policy. But the cycle of death came before he had any chance to carry out his intentions.

They killed a big rattlesnake up at Mr. Joe Edwards' the other day.

Wild strawberries are ripe now to the great pleasure of country editors.

The NUGGET is no blanket sheet but it gives all the news of the county in a nut shell.

Miss Ella Dyre, after spending some time at Ducktown and other towns, returned home a few days ago.

County School Commissioner J. J. Seabolt was engaged last week in paying off the teachers of this county.

Did you say you wanted some letter heads, envelopes or any other kind of job work? If so, send us the order and we will supply you at once.

If resurrection morning was to come early on Sunday morning it would catch everybody in bed except ye quill driver. We always want to be up and see what is going on during the day.

Mr. James Phillips requests us to state that he is back at his old stand on Main street, near the bridge, ready to do all kinds of shoe and harness work at reasonable prices in the best of style.

The recently elected officers of the Gainesville & Dahlongega Railway Co. are as follows: A. J. Warner, president; W. A. Charles, vice president; W. A. Garfield, secretary, and J. F. Moore, treasurer.

Judge Huff made a contract with Mr. Jackson last week for him to keep all the paupers of the county at \$5.00 per month, and hereafter all expecting help from the county will have to go and stay with Mr. Jackson.

Nearly cold enough for frost last Sunday morning. Some one says it will continue cold and that the world will come to an end this year, but such predictions have been made many years ago. Don't be alarmed and stop business.

We stated last week that there was some dissatisfaction because it was believed that Mr. W. W. Crisson had been given a certain contract by the committee for college work when he was not the lowest bidder. Mr. Crisson told it but said he did so just for mischief and to tease some parties. His bid was \$209.90.

Capt. H. D. Ingersoll has in his office, a rock that was dredged from the Chestate river by his boat some time ago. It was used by the Indians in manufacturing their moccasins. It has been many years since it was used and all those who wore moccasins made on it have long since gone to that happy hunting ground.

Mr. B. T. Montgomery, formerly of Lumpkin but now of Jackson county, in remitting a dollar adds: "Your paper is a welcome visitor to my home. My little girl, May, who is six years old, when I receive the paper, draws her chair very near to me and exclaims, 'Papa, read aloud. I want to hear from him up there.'"

Mrs. Allen Baker, a good old time christian lady, died here last Saturday while eating supper and was buried up in Chestate district on Monday. The lady had been unwell for some time, and was very poor is the reason of this sad occurrence not being phoned to the great dailies, yet she will receive as much notice as the most wealthy in the world to come.

The intelligence reached this place last Thursday of the death of Mrs. John Jackson, occurring at Bessemer, Ala., that morning about 7 o'clock. Mrs. Jackson was born and raised in Dahlongega. Was between forty-five and fifty years of age, and a sister to Messrs. John and Wash Jenkins of this county. The deceased leaves a husband, two daughters and hundreds of friends to mourn her loss. The remains are being brought here for interment, which will take place today, but at what hour we do not know, as the message didn't state.

The Dahlongega P. O. Robbed.

On Saturday night last the post-office at Dahlongega was robbed of a large number of letters from the general delivery and a few from lock boxes. Exactly how the thief entered is not known yet, but as the electric lights were not burning he had things his own way and the doors nor windows next morning didn't show any signs of being molested, although he could have gone through the call window and closed the shutter when he came out without any trouble.

When P. M. Tate went to get Mr. Floyd Andersons mail the next morning and found all these letters gone he realized at once that the office had been robbed and among them were some he remembered putting up the night before. Mr. W. B. Fry had two gone. He was notified. He was expecting one from Auraria and the other from South Dakota, the latter expecting to contain a fifty dollar First National Bank note he had paid off.

Suspicion at once rested on Marion, a fifteen or sixteen-year-old boy of Henry Edmonson, residing near the cemetery, an account of him being into a good deal of mischief here before. In that direction, between the post-office and Main Street bridge were found two empty envelopes near the side walk bearing the address of Mr. Fry, one from Auraria and the other from South Dakota, as shown from the post mark. Young Edmonson late the night before was up at T. J. Smith & Bro., looking at a suit of clothes, having a five dollar bill. Afterwards he went to the store of J. F. Moore & Co., with a ten dollar bill, purchased a suit and was handed back the change of \$2.50. Marion having this money surprised them all for he rarely ever works any.

On Sunday morning Marion visited the meeting at Yahoola, 7 miles from Dahlongega. Here he was followed by U. S. Deputy Marshal Grizzle and City Marshal Walker. The boy was searched and \$2.50 found on his person. He was brought back and landed in jail. Monday afternoon the defendant, after having a hearing before U. S. Com. Baker was bound over to the Federal court in Atlanta, and in default of a \$1,000 bond was committed to jail. Six or seven witnesses were examined by the court. One being the mother of the defendant, who testified that she saw a paper in Marion's hands Sunday morning. This she looked at, saw the words "First National Bank" on it and when she handed the paper back to him he threw it into the fire. The boys father then went home, got nine keys he had forced Marion to give up a few days previous and turned them over to the officials. It turned out that seven of these keys belonged to the Boys Dormitory. One of the two keys is said to be the old calaboose key at Gainesville and the other is a chest key.

At the trial Marion implicated Jabe Waters. He swore that Waters came to him that night between 8:30 and 9 o'clock where he was on the porch of Meaders & Bros. and remarked that as he (Edmonson) knew every hook and crook here if he would watch for him he knew where he could make them some money. Marion agreed to watch, he said, while Jabe got the money. Jabe entered the court house in which the post-office is located, through the hall door next to Meaders—Waters first telling Edmonson, according to his testimony, that if he saw any one coming for him to come and knock on the office window. Waters was gone about fifteen minutes. During this time Edmonson walked around the court house twice. Then he met Waters in the court house door next to Hall's Villa, having in his hands a package of envelopes three or four inches thick and a little box. Jabe handed defendant two of these letters, saying that they were checks in them—he had some also and they would go down to Gainesville Monday and get them cashed. Now this is Edmonsons story about it.

Some of our citizens believe it. Others don't.

When the defendant was asked where he got the ten dollar bill. His reply was, from a man down in Jackson county—giving his name. The gentleman has been written to concerning it. It was not known at the trial that Edmonson had been discovered with any more bills besides the ten dollars. In all he was said to have been seen by different parties with as much as \$25. Since the occurrence one of the Fitts, boys expecting some thirty-odd dollars by letter, has called several times for his mail but no letter has been received for him so far. Fitts says he doesn't think they would have sent the money without registering it, but if they did and it was among the stolen letters his money is gone.

At this writing Thursday before noon, there has been no new developments. The morning before the trial, Waters brother came in and carried Jabe out into the country where he could work on the farm to see if he couldn't be induced to give up the morphine habit.

There will have to be some additional evidence to corroborate Edmonsons before Waters is ever hurt by the law.

Edmonson was carried to Atlanta Thursday.

### An Old Citizen Dead.

Mr. Hiram Duckett, one of the oldest citizens of Lumpkin county, died at his residence near Porter Springs last Monday, aged over 92. His death was unexpected, for the old gentleman has been quite sick for some time. Thus another good citizen and an old land mark is gone.

### Boy Dog Bitten.

On last Saturday afternoon, Fred, the little son of Mr. D. G. Johnson of this place, was bitten severely on the leg by what was believed to be a rabid dog. He was walking across the public square, when a strange dog came running into town and bit him without being molested by the little fellow. The dog bit several other dogs before it could be killed. At once Mr. Johnson carried the boy and dog to Atlanta for examination. The indications are that the animal was a rabid dog, as they found that it had not eaten anything for two or three days. Neither had it been poisoned. It will take several days to experiment and ascertain about it for a certainty. (The boy is under treatment there now. This dog is believed to be the same one that passed through Yahoola district that day and bit Mr. J. E. Wilkins' little boy on the arm.

### The Methodist Meeting.

We attended services at the Methodist church last Sunday evening and heard a very interesting sermon delivered by Rev. J. W. Boyd. Many years ago J. W. Boyd was present when he made his first effort, and if the people who hear him will only carry out his instructions, there will be no trouble with them hereafter. Mr. Boyd was followed by Mr. Turner, the pastor, another good man, who said that he believed there had been meetings enough and would bring it to a close. One thing we noticed different to what it used to be, and that was the front benches being mostly vacant by old people. Years ago, these seats were occupied by old gray headed men. It's not that way now. We noticed but one present now over fifty years of age and he sat away back in the rear. Such as this must undoubtedly be discouraging to the pastor. There was another thing we noticed that rarely ever occurred in the days gone by. It was girls and their escorts sitting together and talking during prayer. We noticed a couple in particular. She talked and looked like she would bite him, and likely did so while we turned our head. So if you see any young man with a swallow fork and an underbit in the left ear, he belongs to that lady.

### A Remedy That No One Is Afraid To Take.

Dr. Thacher's Liver and Blood Syrup has been used in thousands of homes for fifty-two years with perfect confidence and the most remarkable results.

The great success of this remedy is due to the fact that its formula (which consists of Buchu, Hydrangea, Mandrake, Yellow Dock, Dandelion, Sarsaparilla, Gentian, Senna and Iodide of Potassium) has been freely published.

Doctors and Druggists everywhere do not hesitate to recommend a preparation which they know contains the best-known remedies for correcting all irregularities of the Liver, Kidneys or Blood, and the diseases caused by the failure of these functions to perform their proper work.

Thousands of sick ones to whom life has been a burden have written grateful letters that others might profit by their experience.

BLOOMING GROVE, TEX., Nov. 15, 1902.  
I was suffering terribly with indigestion and kidney trouble and used to my Druggist for something to relieve me.

As he sent me a package of Dr. Thacher's Liver and Blood Syrup I concluded to try it, and now I am deeply grateful to my Druggist as well as to you.

I had been a sufferer from these things and a general run-down condition for ten years, and had only received temporary relief from other medicines. But after using not quite two packages of your Liver and Blood Syrup I feel as stout and hearty as I ever did in my life, and I am satisfied that I am entirely cured. I feel no symptoms whatever of kidney trouble, and my digestion is as good as any living man's. I can now eat whatever I choose.

I never had any regular sleep, but now I have such a permanent relief, and I can not put a correct estimate on the value of the medicine.

It has done for me what I would not take any amount of money for it. Very truly yours,

J. C. BROWN.  
If you send me a medicine write to-day for a free sample bottle and "Dr. Thacher's Health Book."

Give symptoms for advice.  
We simply ask you to try it at our expense. We know what it will do.  
For sale by all Druggists—two sizes—50 cents and \$1.00.

THACHER MEDICINE CO.,  
Chattanooga, Tenn.

### Wouldn't Let Hanna Finish.

Myron T. Herrick, governor of Ohio, referring to the hard work of his campaign last fall, told this story about the late Senator Hanna: The senator had made five speeches during the day and was pretty badly used up when he returned to the private car in which the spellbinders were traveling at night. He accepted a proffered glass of brandy, but before drinking it said:

"Boys, I feel like a fellow who enlisted in the early days of the civil war and was soon in a battle. Being wounded, he was left on the field for dead, while the army, defeated, beat a retreat.

"As the wounded man, sore, hungry and bloody, but still able to walk, staggered along in the wake of the army he talked to himself as follows:

"I love my country. I love it a lot. I am willing to fight for it. Yes, I am willing to die for my country. But, by thunder, when this war is over I will never love another country!"

"When this campaign is over," concluded the senator, "I'll never—"

He was not allowed to finish the sentence.—Rochester Herald.

### Pulling Together.

United efforts wins. It is the great power by which progress and enterprise move forward. An exchange very wisely says: "A small town with business men who give a strong pull, and a pull altogether will outstrip a city full of selfish, jealous rich men, who fear to help any movement lest somebody else profit by it too."

Any town that wishes to advance must be harmoniously aggressive. When all pull together the result is bound to be beneficial to all concerned. It is along this line that we move forward.—Rome Herald.

### Husband and Wife.

The old common law principle that a wife may not testify against her husband in criminal proceedings is now reversed in Massachusetts by the Supreme court's interpretation of the statute. Hereafter a wife may testify against her husband if she wishes to, and she need not if she doesn't wish to, regardless of her husband's objection or his consent. In this another victory for "woman's rights?"—New York Tribune.

## THE UNIVERSAL EXPOSITION

The Achievements of Individuals and Nations Faithfully Recorded by This Encyclopedia of Society.

By FREDERICK J. V. SKIFF, Director of Exhibits, World's Fair.  
"The wisdom of all ages is none too great for the world's work." In this single salient sentence, uttered in his famous address at Buffalo in September, 1901, President McKinley described the object and the result of expositions.

A modern universal exposition is a collection of the wisdom and achievements of the world, for the inspection of the world, for the study of its experts, by which they may make comparisons and deduction and develop plans for future improvements and progress. Such a universal exposition might well be called an encyclopedia of society. It constitutes a classified, compact, indexed compendium of the achievements and ideas of society in all phases of its activity, extending to the most material as well as the most refined. It offers illustrations covering the full field of social performance, from the production of the shoes on our feet and the pavement beneath them to a presentation of the rarest and most delicate creations of the brain and hands of men in what are called the fine arts of civilization.

The Universal Exposition in St. Louis in 1904 will be such a social encyclopedia in the most comprehensive and accurate sense. It will give to the world in revised and complete details the living picture of the artistic and industrial development at which mankind has arrived and will actually provide "a new starting point from which to make direct future excursions." It will present for the inspection of specialists in all lines of industrial and social endeavor and for the public an assembly of the best which the world has done and has to show in industry, art and science, and what is very important, it will offer these achievements of society, these trophies of civilization, in a wisely selected, accurately classified array.

The creators of the St. Louis Exposition have had the experience of all previous great expositions by which to plan and effect its high organization. The continuous and repeated burden of the message of experience handed down by all expositions has been made perfect, more effective classification and arrangement of exhibits.

The classification of the St. Louis Exposition has been prepared to present a sequential synopsis of the developments that have marked man's progress. On its bases will be assembled the most highly organized exposition the world has yet seen.

The St. Louis classification is divided into 16 departments, 144 groups and 807 classes. These grand departments in their order will record what man has accomplished at this time with his faculties, industry and skill and the natural resources at his command in the environment in which he has been placed.

At the head of the Exposition classification is placed third, to indicate the result of his education and culture, illustrate his tastes and demonstrate his inventive genius, scientific attainment and artistic expression. These three departments equip him for the battle and prepare him for the enjoyments of life. The raw material departments, Agriculture, Horticulture, Mining and Forestry, show how man conserves the forces of nature to his uses. The Department of Manufactures will show what he has done with them; the Department of Machinery the tools he has used. The Department of Transportation will show how he overcomes distances and secures access to all parts of the world. The Department of Electricity will indicate the great forces he has discovered and utilized to convey power and intelligence. And through the several departments to Anthropology, in which man studies man; and to Social Economy, which will illustrate the development of the human race, how it has overcome the difficulties of civilization and solved problems in which society is involved.

Last is placed physical culture, in which man's intelligence having reached the supreme point, is able to treat himself as an animal, realizing that his intellectual and moral constitutions require a sound physical body to prompt them to the proper performance of their function. Education is the keynote of the Universal Exposition of 1904. Each department of the world's labor and development will be represented at St. Louis, classified and installed in such manner that all engaged or interested in such branch of activity may come and see, examine, study and go away advised. Each of the separate sections of the Exposition will be an equivalent of—or, rather, will be in actuality a comprehensive and most effective object lesson in—the line of industrial and social achievement and progress which it presents.

Cost of Seeing the World's Fair. From any point within 500 miles of St. Louis a person may travel to the World's Fair this year, view the wonders of the Exposition for three days and expend the same money he would pay in any other year for train fare alone. This is an absolute fact. The Western Passenger Association has agreed on a ten day excursion rate, 250 miles or more from St. Louis, for one and one-half fare for the round trip.

### The Election of Judges.

Judging from the amount of agitation in the newspapers on the subject, there will likely be a new law passed in regard to the manner of electing the judges. Various ways are suggested. Before the present law was passed, the legislature elected the judges. Under the present law the people elect them. It is now suggested that the Supreme court, who know the best lawyers by their work recommend the judges, the Governor appoint them and the State Senate confirm the appointments. This agitation is brought about in order that judges may not be hampered by political obligations and to prevent a reception of so much bitterness in the races for the judgeship.—Ellijay Courier.

### The Kind of Girl's Men Admire.

Men admire pretty girls, girls who are not pretty in the face but have an elegant figure.

Men also admire girls who are rich or have a rich daddy, whether they are pretty or not.

Men also admire girls who can bake a good biscuit and make coffee and keep house.

Men also admire girls who are jolly and just a little bit fast—but not enough to hurt—but not too prudish.

Men also admire red headed girls with freckles, whatever may be said to the contrary. Who ever saw a red headed old maid? Red headed girls all marry and some times their husbands afterwards get bald. H. M. E.

With all due respect to Judge Russell, Gwinnett county is to be congratulated on having the lighted and Christian gentleman and able jurist, Judge Kimsey, to preside over court this week.—Gwinnett Journal.

## Not Fatal.

No Matter What Doctors Say—We Know That Heart Trouble in Many Cases Can Be Cured.

There are seven main features of heart disease, viz: (1) Weakness or Debility; (2) Rheumatism or Neuralgia; (3) Valvular Disease; (4) Dilation; (5) Enlargement; (6) Fatty Degeneration; (7) Dropsy.

There is documentary evidence which proves thousands of so-called "incurable" heart cases have been absolutely cured by Dr. Miles' New Heart Cure.

Patients often have no idea their disease is heart trouble, but ascribe it to indigestion, liver complaint, etc. Here are some of the symptoms: Shortness of breath after exercise. Smothering Spells. Pain in chest, left Shoulder and arm. Discomfort in Lying on one side. Fainting Spells. Nervous Cough. Swelling of Feet and Ankles. Paleness of Face and Lips. Palpitation. Nightmare. Irregular Pulse.

"I have great faith in Dr. Miles' New Heart Cure, and speak of its merits whenever opportunity presents. I can now go up and down stairs with ease, where three weeks ago I could hardly walk. One year later—I am still in good health; the Heart Cure did so much for me, that I find it a far greater medicine than what I claimed it to be."—T. J. YOUNG, Jr., D. 97 North Pine St., Natchez, Miss.

Money back if first bottle fails to benefit. FREE Write us and we will mail you a Free Trial Package of our Heart Cure, and speak of its merits whenever opportunity presents. I can now go up and down stairs with ease, where three weeks ago I could hardly walk. One year later—I am still in good health; the Heart Cure did so much for me, that I find it a far greater medicine than what I claimed it to be."—T. J. YOUNG, Jr., D. 97 North Pine St., Natchez, Miss.

### RAPID FIRE GUN.

Now the Torpedo Boat Will  
Have to Look to Its  
Laurels.

The swift, accurate and dangerous torpedo boat has lost its terrors to the United States navy, and no longer is it to be feared greatly by the great, giant battleship. The change, or rather revolution, in modern warfare is not due in any way to the failure of the torpedo boat, but to the invention of the new 6 pound rapid fire gun which has just been adopted by the United States naval authorities, says the Philadelphia Times.

The gun is a wonder and is attracting much attention among the officers of the navy. During the customary tests which were held to test its efficiency the investigating board was completely surprised by the movement of the little giant. From the very start it won their admiration, and there was no hesitancy in making a favorable report after the tests had been finished.

The new 6 pounder is as yet hardly known. A majority in the navy have never seen this specimen, and the government is not telling all it can accomplish. Enough has been learned about it, however, to warrant the assertion that the fiercest torpedo boat that comes within range of its shells will be sure of complete annihilation.

It is capable of firing 75 rounds a minute and at a distance of one mile can hit an object repeatedly at that rate of speed of firing. A naval officer who witnessed one of the tests has made a careful estimate showing just how an American battleship equipped with 6 pounders would be able to put the enemy's torpedo boat "out of business" in rapid fire time.

The torpedo boat would require at least 100 seconds to cover the distance between one mile and the safe torpedo boat range, 800 yards, from the battleship or cruiser. This would give each of the 6 pounders 100 shots at the torpedo boat, as every possible ship could bring at least ten of these guns to bear on the torpedo boat approaching from any direction. Consequently 1,000 well aimed shells (6 pound shells) would be pounded into the torpedo filter before she could get near enough to discharge her torpedoes.

The effect of such a fusillade on the torpedo boat cannot be realized by any one unfamiliar with the terrific force of the new gun. The shells fired would riddle the torpedo boat with as many holes as a professional marksman would riddle a bird with a shotgun.

At the depot in Wichita, among other passengers who were waiting for a belated train, was a man from Topeka. He was very drunk, but in a quiet way, paying no attention to any one, but seemingly absorbed in an attempt to maintain the perpendicular. A good W. O. T. U. feminine, who was in the crowd, saw an opportunity to shine, and going up to the inebriate, she said:

"Young man, do you know where you are going?"  
"Yes, I'm going to Topeka."  
"Young man, you are going straight to hell."

He looked at her a moment, then stiffened up and said, with the extreme politeness of a gentleman in his cups:

"Well, ma'am, I am mighty glad the train is late."

For biliousness, headache, dyspepsia take Dr. Thatcher's Liver and Blood Syrup.

### A PLEASANT SUMMER RESORT.

Quebec and Dahlonega Connected by a Daily Mail.

QUEBEC, GA., May 17, 1904.

ED. NUGGET:

If you will allow me space in your valuable paper for this letter, I will give you the news from this section.

I now have a daily mail established from Dahlonega to my place from June 1, to September the 30, and will arrange very soon to open a back line from Dahlonega to my place. Any one wanting to visit us can write me and I will furnish conveyance from any section. My charges for conveyance will be as cheap as I can afford.

Canada has been visited, in the past, by many fishing parties, and had no place to stay long enough to enjoy our pleasant climate.

This section is the most elevated and has the coldest water in the state, and will guarantee satisfaction to any parties visiting us.

The farmers are very busy at this time planting corn.

There was a funny conference at Zion church last meeting. There was a split in the members. One side went on till they were closing services. And while in prayer, one of the deacons slipped across the house and captured the church book, then the other side had their conference, each party excluding the other.

H. T. Miller of Gaddistown, was up last week. He is contractor on the mail line from Dahlonega to Gaddistown, and is trying to better the services on said route. I wish him much success.

Mr. John T. Cassidy of Nashville, Tenn., has been one of our guests for the past ten months. He has had several parties feeling good while he has been with us, and will in the future make more of them feel so. There has been a great talk about timber buyers, but Mr. Cassidy goes over the property and when titles are perfect, pays cash, and I am always glad for such visitors to this section.

If this escapes the waste basket I will write you again.

With best wishes for THE NUGGET and its readers.

GRANT WOODY.

"What beats a good wife?"

"A bad husband."

"You should think of the future."

"I can't. It's my wife's birthday and I am thinking of the present."

"Do you belong to any secret society?"

"Yes. The gas company."

"I hear your brother died and left you money."

"Yes; a policeman shot him before he got out of the bank with it."

"Did you win anything on the cock fight?"

"No. But I lost on a fowl."

"I heard you were held up the other night and robbed of a diamond ring. Why didn't you call a policeman?"

"I was afraid I'd lose my watch."

An exchange declares that some of these days the common sense of a practical people will question the sanity of an immigration law which sends away from our shores a valuable citizen and highly skilled worker because he came under contract, and permits the incapable to come almost at will.

The eight women street car conductors at Columbus, O., after six years service, have been discharged. They could collect the fare and help passengers off and on trolleys but couldn't switch the cars.

### Consensus.

"What is your idea of happiness?" was asked.

Said the millionaire: I should be happy if I could spend my money where it would be of some real benefit. This, and a good digestion.

Said the poor man: Happiness is having enough money to spend without anxiety.

Said the society woman: Happiness is rest.

Said the wash woman: To be able to dance all night, and lie abed as long as I want to the next morning.

Said the soldier: To live peacefully all the rest of my life.

The sailor: To feel the solid earth under my feet for the rest of my days.

The artist: To paint a picture to please myself and not the public.

The author: To have time enough to think.

The diplomat: To be myself.

The journalist: To tell the truth.

The wise man: To be a fool.

The fool: To be a wise man.

There is a strong sermon in the parable of the bundle of sticks and its a very practicable one in the success and progress of a town.

Union of interest, energy and cooperation in helpful efforts bring desired results of upbuilding na-

ture, but no town has or ever will prosper with a spirit of sloven energy and selfish envy permeating the atmosphere of citizenship. So long as citizens are bound together by bands of common interest nothing can prevent their efforts' success, but once individuals suffer their duty to their town to be repulsed by selfish motives the progress stops. —Winder Democrat.

It would be well for drivers of wagons to remember that all United States mail carriers have the right of way in public highway when on duty. They cannot be driven into the ditches by heavily loaded wagons without violation of the United States mail law, and if a collision is made by so doing and the mail delayed it will not be long thereafter until a deputy United States marshal will be looking for certain parties who will answer to roll call at a U. S. court. This law applies not only when meeting a vehicle, but applies to those in front of the effort to pass.

"I can't quite understand how you could make application for a pension; you were not in active service during the war, were you?"

"No; I was in the Butler's department."

"Then in what way could you have been wounded?"

"Why I was opening oysters for Colonel one day, and was wounded by a shell."

# THE NUGGET.

DAHLONEGA, MAY 28, 1904.  
Entered at the Dahlonega, Ga. P. O.  
as Second Class Matter.  
Official Organ of both City and County.

New York has 13,000 saloons.  
The subscription to the Gordon monument fund has reached \$6,000.

The summer session of the Georgia legislature convenes on the 22nd day of June.

It is reported that there is cholera in some of the Japanese camps and an average of 100 deaths occur daily.

Judge Calhoun of Atlanta, has decided that a married woman cannot recover damages for her father.

In the recent land attack made by the Japanese on Port Arthur they lost 15,000 men, killed or wounded. Russians loss 3,000 men.

The frequent big steals in the banks of Georgia clearly demonstrate that the bank examiners do not do their duty and their services should be dispensed with.

Money seems to be so plentiful down at Bainbridge, Ga., that a fellow fed a bull dog on some bills of large denominations. He was drunk and the fool killer didn't happen to pass that way.

When the roster of the ex Confederate soldiers of Georgia is completed many who are now receiving money from the state will get no more on account of having a bad war record—several in Lumpkin county.

Governor Terrell refused to interfere with the sentence of the court at Savannah, of G. D. Bryan and Charles Odell, recently convicted of gambling and fined \$1,000 each and sentenced to serve three months in jail.

Senator B. L. Tisinger of the 25th senatorial district, has already prepared a bill which provides for the election of the Judges of the various courts of the state by the legislature, which will be introduced at the coming election.

Last week the I. C. Plant's Son and the First National Bank of Macon failed, and on Sunday R. H. Plant, the president, blew his brains out with a pistol. The shortage amounts to \$850,000 and his life and other insurance was more than a million dollars.

Let the legislature change the law electing Judges and Solicitors by the people, says the Marietta Journal. No Judge who has sit on the rights of the people should be subjected to the humiliation of having to fight a political campaign among all classes of people to secure his election or go down in defeat. Remove the Judge as far from such methods as possible.

Tom Bell has explained that telegram referred to in last week's Nugget, as will be seen elsewhere in this issue. It seems that Dr. Dickens of Norcross, is the author of the Tate whiskey and money falsehood. We have known Mr. Bell a long time and thought a little strange when we read the article that a man of his sense and ability would go into a thing of this kind.

Down in Dawson county the revenue officers from Jasper have been troubling the waters of the blockaders recently. One block-side wagon and team, belonging to one of the Holts, was recently captured, and two barrels of whiskey were found by the officers near Jim Cochran's, and a still. And at Jim Reeses some tubs were destroyed where a similar occurrence took place about a month ago. The operator went off at high speed through the woods and got away from the officers with a hot still on his back. Then another still was found near Jordan Anderson's. The old man was carried to Jasper and bound over. He said it was not his but he won't tell who did own it.

## Mining Notes.

The partial clean up down at the McAffee-Lind gold mine with a short run and the free gold panned by simple panning, is sufficient proof that this is a good mine.

By an oversight last week we left Col. J. H. Moores name off the list of directors of the Crown Mountain Gold Mining Co. We want the people to know that this reliable gentleman is still in the field. He is a great worker and by his efforts much good has been accomplished for the country.

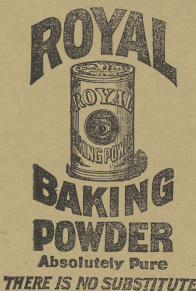

The work on the Gorge water power is nearing completion. The machinery is all in place and with the exception of belting and other fittings, this part of the work is completed. The pole line will be ready by the time the dam is completed. It is being pushed rapidly. If no accident or ordinary high water occurs the dam will be finished and gates closed down within thirty days. With this power installed Crown Mountain will start up and be able to run continuously. The management of Crown Mountain is now more sanguine than ever of success.

We are informed by the management that the work last week on the Jumbo property in Shaft No. 1, discloses another rich vein of highly sulphuretted ore, which from tests appear as rich as any yet found. This vein is from two to three feet thick. The walling and other matter contiguous to this vein was found to be highly mineralized—carrying good mill values. Development work will continue while the ten stamp mill is being erected. The show of pay ore on this property never fails to astonish and surprise visitors. One gentleman who is largely interested in mines in this vicinity, as well as in the west, and has had both experience and much observation in mining, remarked that he believed by his own panning he could make himself ten dollars a day out of the Mistletoe vein. And this is not the richest vein. The free gold to be seen by simple panning always converts the most skeptical on Georgia and Georgia gold mining.

We have been watching the mining operations in Lumpkin county for the last ten years with a great deal of interest. That the mines here are of good value, there is no doubt. When capitalists will come and go into mining in a business way, as they would in farming or manufacturing, use the skill and economy as they would in any other business to make a success, then the mines here will pay, and every one having invested in mining in this section will be satisfied with the results. The gold is here in paying quantities, and capital, skill and good management will get it out. It has been an ill work to get men to come and do mining in a mining way, as they do in other business: to begin at the bottom and work up. To first get the ore before they get the mill, and not pay two or three men to do one man's work. But these conditions have changed. Experience to some has been a hard and instructive lesson. They are now taking hold at the right end, and there is no such word as fail in mining here if done right.

Parties have come here and put up mills, and after making a failure of mining, go away and condemn the whole mining region. Some of them say there is no gold here, while others say there is plenty of gold but it cannot be saved. When the truth is, their failure to make the mines pay was in the management, and not in the mines. Take for instance the Jumbo mines here. Several years ago a ten stamp mill was erected on or near this property, and not being able to make it pay it was abandoned, and the property lay idle for years. When men of business, energy and push took up this property they have already shown to the country one of the largest and richest mines in the gold belt. This mine is situated on the famous Pigeon Roost or

## IT IS A MATTER OF HEALTH

Barlow belt, and the veins are fully as rich and larger than at the Barlow, which has in the past produced so much gold and paid so well. And coming this way on this same belt, the Standard Co. has opened up some rich veins that have never been struck before, as all the work that has been done on this property has been on the Black or Findley belt. Now this property shows up to have two good belts running through it, instead of one, as was supposed. Capt. Breyman, the President of the Standard, who was here last week, expressed himself as being more encouraged in the enterprise than ever, and is to install a pump and hoist at once, to go down deep on these veins. It is true, this is an old mining camp, having been worked for years and millions in gold have been taken out. Yet it has not been fairly prospected. In the last year there has been more ore and richer ore shown up than has been for many years. These belts are being traced. The ore is there and all that is necessary is to go down on them as is done in other mining sections. We are told by a miner of the far west (and one of the best miners in the country) that it is not unusual for a mining company in the west to go down from 500 to 1000 ft. before they strike a pound of ore, and spend half a million dollars before striking any ore. Why not do that here? As we have said before, the gold is here and as saving it, it can be done. It is done in other mining countries where they have as rebellious ore as any we have in this section. Why can it not be done here? The fact is it is being done here now. There is a man in this section who has mined ore since mines all over the world. He is a quiet man. Does not brag of what he has done, or what he can do. Keep your eye on him. He knows rebellious ores when he sees them and knows how to treat them when he finds them.

The prospect was never brighter than now. The boom period has passed, and the country has settled down to a legitimate business proposition, as far as mining is concerned. Men who are taking hold of the mining here now know what they are about. They have started in slow, but sure, and they are going to succeed, and has been predicted by one of the best posted mining men in the United States, that this country within the next fifty years, will be the biggest mining country in the world.

Mr. Thos. M. Bell Replies to a Political News Item.  
GAINESVILLE, GA., May 16, 1904.  
Editor Cherokee Advance,  
Dear Sir:  
My attention has been called to an article in your paper with reference to a telegram that T. F. Walker sent to several points on the day of the election, stating that Dr. Dickens had captured \$127 in money and whiskey in the hands of a Tate man at Norcross. Now, I did not send any telegrams to any one, and, in justice to Mr. Walker, I will state that Dr. Dickens, who is a reputable physician in Norcross, stated to Mr. Walker in my presence, that he had made the discovery as above mentioned; hence the telegrams of Mr. Walker.

Now as to Mr. Walker stating that the telegrams were not true, I know nothing about that, but I do know that he was justified in sending them, and if the opposition insists on going deeper into the facts this will be done. I made a clear race; never used a drop of whiskey or authorized its use; never purchased a vote nor authorized the purchase of one; never unduly influenced a human being nor attempted it through any channel, and I had hoped that I would not be drawn out on anything of this nature, and yet hope that I may not be.  
Mr. Editor, if you mean to refer to me as using disreputable political methods I ask you kindly to retract that statement.  
THOS. M. BELL.

CHANCE FOR OUR NUGGET READERS.  
COUPON WORTH 25c IF PRESENTED AT DR. C. H. JONES' DRUG STORE.

In order to test THE NUGGET's great circulation and its superior advertising value, we have made arrangements with Dr. C. H. Jones, the popular druggist, to offer one of his best selling medicines at half-price to any one who will cut out the following coupon and present it at his store.

COUPON.  
This coupon entitles the holder to one 50c. package of Dr. Howard's specific for the cure of constipation and dyspepsia at half-price, 25c. I will refund the money to any dissatisfied purchaser.  
DR. C. H. JONES.  
TWENTY-FIVE CENTS.

Dr. Howard's specific for the cure of constipation and dyspepsia is not an unknown remedy. It has made many remarkable cures right here in Dahlonega, and so positive Druggist Dr. Jones is of its great superiority in curing dyspepsia, constipation, sick headache and liver troubles that he will, in addition to selling it at half-price, refund the money to anyone whom it does not cure.

If you cannot call at his store cut out the coupon and mail it with 25 cents, and a 50 cent box of the specific will be sent you by mail charges paid. Do not put it off. "One to-day is worth two to-morrows."  
This is a great opportunity for our readers to obtain a popular remedy at a small price. There are sixty doses in every package, and unlike ordinary constipation and dyspepsia remedies, the dose is decreased after the first few days.

ANNOUNCEMENTS.  
We are authorized to announce the following names, being the nominees of the democratic party:  
For Clerk Superior Court, D. L. Cook.  
For Tax Receiver, J. M. Calhoun.  
For Tax Collector, E. J. Walder.  
For Ordinary, G. G. Evans.

# Local News.

The students ball ground is about completed.

A good second hand survey for sale by B. R. Meaders & Sons.

There will be another singing out at Ashley's school house next Sunday.

Mrs. Charlie Housley of Doledo, Ala., came up Monday on a visit to relatives.

Mr. E. C. Meaders has gone into South Georgia to build a telephone line.

Judge Murray, after spending several days in Dahloonga, left last Sunday.

Cols. Charters and Lilly have been attending Union Superior court this week.

Mrs. Wm. Abernombie, who left this county 23 years ago, is here on a visit, accompanied by her son. They now live at Stillwater, Okla.

Send in and get 100 Warranty Deeds at The Nugget office for \$1.25, if you need them. Or 100 Justice Court fi. fas., 18x14 inches, nicely backed, at same price.

Messrs. Howard and Shultz quit the printing business last week and turned the Signal over to its owner, Capt. J. W. Woodward, after publishing fourteen issues, some wiser but not financially benefitted.

The Nugget has entered into its sixteenth year, hale and hearty and full of life, which causes us to feel thankful to all of our patrons for the "medicine" they have given us that preserves a business life.

Several of the citizens of this county, residing in the country, attended the singing convention last week out in Pickens county. A large delegation should have gone from Dahloonga, for if there is anything they need worse than improvement in singing here, we do not know what it is.

The Dahloonga public school closes its annual session today. Remarkable improvement has been made by a large number of the pupils, showing that Prof. Gilbert and his assistants have performed their duties well, and deserve the many commendations given them by the patrons of the school.

A certain young man of Dahloonga was taking a stroll with his country sweetheart out the road a few days ago. The way he was talking and enjoying himself—and her too—can better be imagined than described by us. All of a sudden this sweet talk came to a close, caused by his father appearing in sight. Not wishing his father to know that he was courting a country girl the young man disappeared like a ghost.

The land deal that has been talked of so much in this section between the United States Leather Co. and certain parties in Lumpkin county, has about come to a focus and payments are liable to begin any day now. The check is already in the hands of its attorney to settle for all the lands contracted for in this county, and the delay has been caused by the attorney not being able to secure the proper titles to certain property. Have patience, for the distributing of hundreds of dollars among land owners here is sure to take place.

A great big yearling with a tin can tied to its tail ran through Dahloonga last Saturday afternoon at break neck speed. It held its head and tail up and was scared so that it barely missed the corner buildings in making a turn and came near running over two negro women. It started from the Boys Dormitory and didn't stop till reaching Col. Priest's neighborhood almost exhausted. Every body gave it the street name as they do the fire companies in cities. At the Dormitory they have a patch of oats and several mischievous boys. The yearling was in the lot, so were the boys. This explains why that beast ran so.

In one or more towns in Georgia the city council has taxed Peruna dealers \$1,000 annually. Some want it done in Dahloonga.

There has been a considerable change in the weather within the past few days. Heretofore it has been very cold. Now the days are warm and the nights cool.

The entertainment at the college last Saturday night was well attended, and highly appreciated by all present. The door proceeds amounted to \$81.40, leaving a balance of \$30.65 after the expenses were paid.

Mr. Geo. Jenkins of Bessemer, Ala., paid us a pleasant call and dropped a dollar in The Nugget's slot last Monday. We regret that George doesn't look as well as he did when he enjoyed the pure bracing air of Dahloonga.

Messrs. Edw. Riegnan and J. L. Frazee of New York, who are interested in the Etowah Gold Mining Co. in this county, were here a short while last Saturday. They had been at the Etowah for several days making a general examination of the mine.

New subscribers and renewals continue to come in. Thank you all. We will endeavor to keep The Nugget up to the standard and when we fail, just discontinue your paper. We do not want your dollar unless you feel that you are getting the worth of it.

For some days Dr. Nabers of Banks county, who use to live in Dahloonga, has been in search of his grown son, who left home apparently with his mind unbalanced. Last Thursday a friend of the Doctor found him here and carried him back home that afternoon.

In our article last week about the post-office theft we stated as it was told us, that Mrs. Edmonson took the note from her son and then handed it back to him and he destroyed it. The lady sends us word that her husband found the paper in the boys' pocket while he was asleep and called her to look at it. This she did, and considering it of no importance it was put back into Marion's pocket.

You will remember that we mentioned some weeks ago, that Uncle Dan Davis' wife and daughter had quit home and he was out in search of them. We were told last week that he found them down in Forsyth county, in a week or ten days from the time they left, and persuaded them to return. We don't understand this division. Uncle Dan, not long ago, received his first pension from the state and is better prepared now to supply their wants than heretofore. But women naturally act strange some times.

At 12:30 Saturday morning some mischievous boy or boys rang the college bell and alarmed many of our citizens, who believed it to be an alarm for fire. The perpetrator of this act, no doubt, did it unthoughtfully. Here in Dahloonga, in case of fire we have no regular alarm bell, the first one reached when fire breaks out is sounded. Now, suppose that this bell was to be rung some night for fire sure enough and our citizens were to pay no attention to it, and cause some house, a child or the town to be destroyed. Wouldn't this cause the one who rang the bell the other night to feel bad? We think so. So boys, enjoy yourselves in some other way.

A negro debate occurred out at the colored Methodist church the other night, which is said to have been very amusing. The question discussed was, "Which has been treated the worst, the negro or the Indian." Frank Lowery, with two assistants, took the negro side, and John Carroll held to the Indian. Both sides sprang new ideas, and such jestures as they made have never been "exhibited" on the stage before. The platform wouldn't hold Uncle John and he got down and walked the floor, and told what "Christian" Columbus did away back "yander", and said everything he could think of that touched his side of the question, and many that didn't, but with all these efforts he lost. Lowery gave a four and a half inch smile at the decision and all was over.

Bargain in laces, dress goods and hats at Mrs. Stricklands.

Col. H. P. Farrow of Gainesville, was in Dahloonga last Thursday.

A few hundred bundles of first class fodder can be sold here next Monday or Tuesday at \$2.50 per hundred.

Mrs. Fannie Nucholls of Clarkston, Ga., is on a visit to her sisters, Mrs. R. M. Bryson and Mrs. M. J. Williams.

We have a lot of mining and other views for sale at The Nugget office. Will give a list of them next week.

Mrs. W. H. McAfee of Atlanta, came up a few days ago, and will remain for a few weeks to recuperate her health.

A defective piece of electric machinery caused Dahloonga to be in darkness for two weeks, but everything is bright again to the joy of all.

Rev. J. West has planted about four acres in cotton in Davis' district as an experiment, being the first effort in this direction in that section.

If you want any thing in Dry Goods or Notions come and examine our stock and get prices. We are going to sell our spring line at cost rather than carry it over.

FRANK REESE.

We have one colored mail carrier in Lumpkin county, and that is Uncle Henry Castleberry, one of the oldest negroes in the county who is on the line from here to Gadsdenville.

On Wednesday Mr. T. S. Waters was brought in by U. S. Deputy Marshal Grizzle, who is charged with grabbing the Dahloonga post-office on the night of the 14th. He gave bond till the next day at 2 o'clock, when the investigation was commenced by Com. Baker. A number of witnesses were examined and not a particle of evidence was produced that connects the defendant with it in the least. The case was postponed until 1 o'clock Wednesday so Marion Edmonson, who has already been bound over for committing the offense, can be brought up from the Fulton county jail. Marion at his trial implicated Waters, but we don't believe now that Waters had any thing to do with it, and no one will be benefited by this trial except the officers, though they are not to blame.

We never heard of any thing occurring at church that would cause a man and his wife to part until this week. This occurrence took place at the colored church Sunday night. It was when they opened the hat for contributions and John Castleberry and his dona, a big healthy looking female whose name we do not know, appeared and put in their little mite at the same time. He looked into her eyes and she returned the compliment. Then they both smiled as one person and passed out at the door so they could take a moonlight view of each other. Johns wife saw this lovely movement and she followed. The words she used caused the husbands anger to boil over and he whipped his wife. And this is the cause of the holy bonds of matrimony between this once happy couple being severed.

In our 4 o'clock strolls these beautiful mornings it's a rare thing to see any person up except a certain lady in Dahloonga who rises at early morn and works long after the sun hides itself behind the western hills. Yes, there is another person that we were about to forget who rises early. It is "Gov." Thomas. He is running a bachelor's hall and at 4 a. m. begins frying his "dip jacks" for breakfast. But on Wednesday morning we noticed another man up getting his breakfast while his wife, daughter and son were enjoying their morning nap. What a good natured person he must be. Such as this wouldn't suit us. Had we been in his place we would have raised such a racket that all the neighbors for a considerable distance around would have sure thought that old lady Nations had come with her hatchet.

Mr. Will McKee, who has been in the west for about six months, returned to Dahloonga last Tuesday.

Mr. G. G. Evans' name recently nominated candidate for ordinary, will be found under the head of announcement this week.

The temperance meeting will be held on the first Sunday night in June. We would publish the program but space forbids.

Judge Huff, assisted by some of the old soldiers, are getting up a roster of the Confederate veterans who went to the war from this county. When completed it will be full of interest.

Mr. D. O. Johnson requests us to return his heartfelt thanks to all the people of Dahloonga, who gave the entertainment, or in any way contributed to his little son, who was bitten by a supposed rabid dog recently.

We credit but very little. Yet we some times lose something. Not long ago a man got in debt and took the advantage of the schedule law, who owed us 75 cents and when he passes us he can scarcely raise his head. Poor fellow!

A large number of our citizens attended the services out at Oak Grove church last Sunday. Revs. J. E. Blackburn and W. T. Dowdy preached and the audience was so large that the church wouldn't hold it and services were held in the grove.

It has been thought that Maj. Tilton, commandant of the N. G. A. College cadets, had only been detailed here for only two years, and that his time would expire first of January, but the fact has been disclosed that he was sent here for three years, and will be with us nineteen months more. Maj. Tilton is a great worker for the college and has the institution at heart, and it is with much pleasure that we make the above announcement.

Mr. Wharton Anderson returned last week from Albany, Ga., where he went as a representative from Gold City Lodge, No. 117, K. of P. He reports the order in a flourishing condition, with a total membership of 394,819. These figures omitting Alaska Lodge and to Dec. 31, 1903. A net gain during the year of 32,545. Total death claims, paid since organization of Endowment Rank, \$20,462,312.12. The kind hospitality shown the 1,000 visiting Knights, by the people of the Artesian city, will ever be remembered.

In the post office robbery here on the 14th, Mrs. Sarah Allison lost a ten dollar bill. Occasionally Mrs. Allison, who is a lone industrious, highly respected lady of our town, receives contributions through the post-office with no name telling from whom they came. She had an idea but never knew for certain until this week. The wife of W. P. Price, Jr., on Saturday before the robbery that night, had a letter mailed to this good lady, containing ten dollars. And after the robbery came to light, Mrs. Allison was asked if she received her money. She would not have known that the money was mailed for her had she not been questioned about it.

Some of the citizens of Dahloonga, who let their boys loaf around instead of making them go to school, should read the following simple receipt for those wanting to raise their boys for the penitentiary, given by the Marietta Journal as follows: When he doesn't want to go to school, let him loaf. When he gets into some mischief and your neighbor reports it to you, curse him in the presence of the boy. When he gets a little larger and purloins something of value and you find out, laugh at him and let it go at that. When he gets into something that takes him into the Justice Court, and he is found guilty and fined, pay his fine, curse the court, the jury, and every person connected with the matter, and pity the boy. You will soon have a splendid candidate for the penitentiary.

The trustees of the college have not yet decided about the presidency of this institution.

Miss Amanda Cain leaves for Adairsville, Ga., today, where she expects to open up a photograph gallery.

Those young ladies and gentlemen, while out serenading last Wednesday night made some sweet vocal music.

Capt. C. L. Beckurts, 16th Infantry of Fort McPherson, Ga., came up to Dahloonga last Tuesday and inspected the college cadets.

The persons who have been tearing down the fence and leaving the gates open on the McMillan property are liable to get into trouble.

Examine the dates on your paper and see if your subscription has expired. If so renew it at once if you wish the weekly visits of THE NUGGET to continue.

In publishing the names of the members of Capt. J. M. McDonald's Company week before last, the printer made the name of Martin Starnes read Martin Stephens.

With the exception of an initial two and a wrong post-office, the list was correct, says the Captain.

Dr. G. R. Glenn, ex-state school commissioner, spent last Tuesday night in Dahloonga. He would have remained longer but had to return home on account of the sickness of his daughter. There is a probability of the Doctor being the next president of the N. G. A. College.

They had a regular dog killing over in the eastern portion of the county last Monday. Eight or nine of them supposed to be mad, are a thing of the past now as they were killed. One man was reported as being bitten, but the bite was not broken. This whole sale slaughter occurred in the neighborhood of Mr. John Stringers.

What's the matter down the line? Mr. J. H. McKee of McKee, Ga., tells us that he did not receive his last Nugget until Wednesday, when it ought to have reached its destination by Monday. This is not the first time. This proves that some one is neglecting his duty, and if it occurs again we will have the department to make an investigation.

Uncle Kimsey Bearden of Nimblewill district, was in Dahloonga for a short while last Tuesday and reported times very good up his way. He says quite a lot of cotton has been planted in his neighborhood this season. This is a new territory, not far from the mountains, but he thinks it will mature all right, as a small amount planted heretofore seems to demonstrate this fact.

Last Tuesday, while Mr. Robert Parrish, who resides over in Shoal Creek, was out in the field together with his family, his dwelling and entire contents were destroyed by fire. How it started he does not know. He had just laid in his summer supply of rations, \$60.20, \$10 of it silver and the rest in greenback, were in the house. \$3.00 of the silver were afterwards found. Mr. Parrish came to town the next day and our citizens extended a helping hand, as they always do when finding any one in distress.

It was Fred Trammell and Ida Stephens and their escorts, Will Wright and Jim Swinger, who swung round where Gordon, the negro Methodist preacher, slumbered Tuesday night and disturbed him by loud talking, cursing and other bad conduct. The next morning John Carroll, the town's chariot driver, went up and reported the matter to Marshal Walker. Then while Mr. Walker went to see the preacher to more fully acquaint himself with the matter, John put on another face and told Mr. Bob Meaders, who had the men employed, so they could get hold of it, what the Marshal was going to do and Swinger and Wright absented themselves in short order.

The price of grown hens are also declining in this market. Only bring 25 cents now.

A gentleman who use to reside in this county, after returning and making a business trip throughout Lumpkin, told us last Saturday that he was surprised to see how well the people of this section are living, and yet some people still keep up the habit of crying out hard times.

There seems to be a bad feeling between one of the members of the Methodist church choir and a gentleman who goes up and assists in singing when he is present. So much so as to cause the former to remark a few days ago that if the latter attempted to sing there any more he would put him out of the choir by main force. So last Sunday neither one were present, yet the singing and services went on without any trouble or unpleasantness whatever. Now wouldn't it be nice conduct for a member of the church to pick a man up dipping services and pitch him out at a window headfirst?

Students are like soldiers use to be. Some of them will put up any kind of an excuse to keep out of drill. The other day one of them went to the doctor with a long good like face, pretending to be sick and got a nickles worth of calomel. Then after exhibiting it to some of the officers, dropped it down behind the bench at the court house when all were away and disappeared from the streets until his company marched to church. In the afternoon he came out looking as red, rosy and healthy as the girl who wears no corset. The doctor will have to adopt a new plan to prevent this, by giving them the calomel or other medicine right in his office, and in big doses, before the Lord comes disgusted and sickens and kills some of them sure enough.

In company with a gentleman who had never heard a negro preach we stood and heard a portion of the services held by this race at their church up on the hill last Sunday. Three or four ministers were present. One of them from North Carolina. Their front benches were not vacant like those at the white churches are most of the time. All these seats were filled by every old gray headed person living in Dahloonga or any ways near. And all the younger ones were there too. Every bench was filled, and when a hymn was read none were too proud to part their lips and the notes of no organ was used to drown the vocal music. Yet some of them are getting somewhat proud as we noticed one female before she entered the church take out her handkerchief and wipe the dust from her new shoes. Then the time came to eat the bread and drink the wine and all members who felt that they had acted right and were good enough to participate, went to the front. In this church it is just like it is in the others, all did not go. While this was going on a solemn look was noticeable all over the congregation. No whispering took place for they sit up there like they use to in churches, the males all on the right and the females to the left. In this way the young people have no opportunity of courting during services. If there is any of this done by any of the congregation it has to occur either before or after preaching. Well, after the sacrament was taken a song was raised and the right hand of fellowship extended and some of the old people got happy and shouted, which reminded us of long years ago when women went to church all dressed in home made close and their heads covered with bonnets, having on no false attachments and all got happy and none too proud to shout. This is the first shouting we have heard in a long time, for when the most of the ladies attend church now they are laced up so tight, trying to look like some Paris picture, that they can't enjoy the meeting and feel more like fainting than shouting, and the preacher is blamed for not accomplishing more good.

## ALL THE STATES AT THE WORLD'S FAIR.

Many Beautiful Pavilions and Pretentious Buildings Show Forth the Enterprises of American Commonwealths.

A beautiful city has grown up among the trees on the World's Fair grounds at St. Louis. It has nothing to do with the immense exhibit palaces, but is a thing apart. The houses in this new city are of various styles of architecture. Some are palatial in size and appearance, while others look merely cozy and inviting. Never before have so many notable and historic buildings been constructed in one group. This new city might be called the City of the States, for the houses included in it are the state buildings at the Fair. The city is not compact, but somewhat straggling, as befits the picturesque of the view. Yet there is nothing suggestive of a Striptown-on-the-Pike about this city, for the grounds surrounding each of the houses are beautified with gardens typical of the state represented.

All the states are to be represented at the World's Fair. This means a great deal, a shining triumph for the Louisiana Purchase Exposition, and furnishes another illustration of the fact that this Exposition's completeness is the marvel of the age.

Fifty-one states, territories and possessions of the United States have taken the steps necessary to participate in the World's Fair on an important scale. But two states were still outside the fold at the last report, and in each of these was a well defined movement in favor of being represented at the Fair with buildings and exhibits. New Hampshire, the old home state, and Delaware are the states referred to. In New Hampshire a fund for participation is being raised privately by patriotic citizens, so that in the event of legislative inaction this commonwealth may be represented.

The states and territories are expending over \$7,000,000 in their efforts to show off to best advantage at the Exposition. This is a million and a third more than was expended at the Chicago exposition by the states. In addition to this, large cities and states will have municipal exhibits, the funds for which are not included in these figures. The municipal exhibit idea is entirely novel. From a number of the states there will be prominent county exhibits provided by special appropriation of county funds.

This City of the States presents a picture of surpassing beauty. Nature has done much to aid in the creation of the picture. Never before has any exposition been able to grant such extensive sites for state buildings. The buildings are situated on a plateau about seventy-five feet higher than the level ground to the north upon which stand the main exhibit palaces. There are hills and ravines here and there, enabling the landscapers to lay out a most delightful pattern of roads and terraces and lawns.

The smallest of the state buildings is that of Arizona, which stands near the southeastern entrance to the grounds. One of the largest is that of Missouri, from the dome of which it is said that perhaps the very finest view of the Exposition may be enjoyed. This building is a palace in the Italian renaissance architecture, built at a cost of \$105,000. Near by is the reproduction of the Cabildo at New Orleans, in which the Louisiana Purchase transfer ceremonies took place. Louisiana's state building, Ohio has a clubhouse of highly ornate design, in the architecture of the French renaissance. Illinois is prominent with a most pretentious structure, with wide verandas and a commanding cupola.

A description of each of the state buildings, with all detail, would more than fill a newspaper page. It is only possible here to hint at some of the interesting structures. California, for instance, has reproduced in exact size the famous old La Bodega Mission. Connecticut presents a replica of the Bignor residence at Hartford, home of the postess Lydia Huntly Sigourney in her time. This building is said to be the finest specimen of purely colonial architecture now standing. The New Kentucky Home, from the Blue Grass State, is a handsome clubhouse that would make some of the mansions along Fifth avenue, New York city, look insignificant. In the west, the quiet old house at Jefferson Davis owned and occupied for many years, is reproduced by Mississippi. Its wide verandas or galleries give it a most inviting appearance. Washington's headquarters at Morris-town, N. J., are reproduced by New Jersey. Virginia contributes Monticello, the home of Thomas Jefferson.

The state of Washington contributes a structure of unique design. It is called the Wigwam, five stories high, built of wood from Washington forests. The building is octagonal, with gigantic diagonal timbers rising from the ground and meeting in an apex ninety feet in the air, above which is built an observatory, from which a splendid view of the Exposition may be had. An elevator will carry visitors to the observatory.

New York, Pennsylvania, Ohio, Arkansas, Colorado, West Virginia, Indiana, Wisconsin, Texas and many other states are represented by buildings which cannot fail to arouse admiration. The Texas building is in the shape of a five pointed star, an appropriate idea for the big Lone Star State. Iowa has a magnificent mansion, with classic porticoes and a central tower containing an observatory chamber. Kansas, Indian Territory and Oklahoma each uphold the growing reputation of the southwest for enterprise and fertility of resources.

**DR. THACHER'S**  
**Liver and Blood**  
**Syrup**  
CURES BY REMOVING THE CAUSE  
A THREE-FOLD REMEDY for all ills due to functional troubles. Acts on the Liver and Kidneys and  
**Purifies the Blood.**

Thousands have used this reliable remedy with perfect confidence and success for 62 years, because they know just what it contains. The formula consists of Buchu, Hydrangea, Mandrake, Yellow Dock, Dandelion, Sarsaparilla, Gentian, Senna and Iodine of Potassium. Any doctor or druggist will tell you that this is a scientific and reliable combination of great merit for all diseases having their origin in the Liver, Kidneys or Blood. After years of experience and patient experiment, Dr. Thacher so perfected the process of manufacture, that it never fails to bring the expected relief when taken according to directions. Thousands of sick ones to whom life has been a burden have written grateful letters of thanks.

I have suffered greatly with indigestion, constipation, also a severe liver trouble, with loss of appetite. Could not rest well at night. In fact, had no energy to work or even walk around. I felt like I was packing a heavy load, and was easily exhausted, until I took Dr. Thacher's Liver and Blood Syrup, which helped me almost from the first dose. When I had taken one and one-half bottles I felt like a different man, and I never had a headache or any other ailment. I used all three bottles, and consider myself perfectly cured. At this time my appetite is good, I sleep well, and feel strong and refreshed on arising in the morning.  
T. L. Searns.

If you need a medicine write to-day for a Free sample bottle and "Dr. Thacher's Health Book," give symptoms and name. We will send you to try it at our expense. We know what it will do. At all druggists. 50 cents and \$1.00.  
**Thacher Medicine Co., Chattanooga, Tenn.**

From Our Political Primer.

What is a faction?

A faction is a party of a party. It may be the larger part or the smaller part, but when it is greatly in the minority and plainly in the wrong, then it is certain to charge the majority with being fractional and disloyal to the party.

What are spoils?

Spoils are the wages of party service and often a sin. They belong to the victors, who invariably use them in such a way as to make room eventually for the party that has no spoils.

What is meant by availability?

It is that quality which makes a man a desirable candidate for an office for which he is especially unfitted. When you hear the politicians say that a man is available, it signifies that he can be elected, but that he will be no good after he gets in.

What is a wheel-horse?

It is pretty much what its name implies. You can tell a wheel-horse by the spots you will find on him where the collar and other gearings have rubbed him. He likes to work in harness, and nothing makes him so low in his mind as when the other horses kick up their heels and smash things.

What is yeoman service?

It consists largely of leg and vocal exercise for the party. The yeoman services march during a campaign many miles, preferably through the rain and mud.

What is over-confidence?

Over-confidence is what the politicians and campaign orators wear their party against when they have no confidence at all.

What is a man in the hands of his friends?

When he gets so hard up for an office that he is actually ashamed to let the people know how bad he actually wants it.

What is meant by being on the fence?

It is the position of politicians who are too dull to realize how much the people hate a coward and who are certain to get down on the wrong side.

What is a slate?

It is something that should be smashed by the people to whose prejudice it is arranged by the pie brokers.

What is meant by nailing a lie?

It is the denial of a charge or accusation in such a way as to make the people believe the charge.

What is a roorback?

It is a discovery on the eve of an election which is damaging in a high degree to the party or candidate who pronounce it a canard.

What is a mare's nest?

Any sort of corruption or scandal unearthed to the prejudice of the party responsible for it is called a mare's nest by the defendants.

What is a machine?

It is a piece of organism whose life is determined by the ignorance or toleration of the people who submit to its capabilities for harm.—Kansas City Times.

Don't try to make a fortune to leave to your children, says the Valdosta Virgin. Try to get some thing for yourself. Educate the children and let them bustle for themselves. That is the safest way to make men out of them.

Wanted Him at Home.

A few days prior to the final adjournment of Congress, says the Philadelphia Ledger, a representative of an agricultural district in the Southwest received a letter from his wife in which she urged him to do what he could to hasten the termination of the session that he might return home and attend to the business of the farm. The wife closed her letter with the following lines:

"Husband, dear husband, come home to me now,

The garden needs spading for pens;

The boys should be picking up stones in the lot,

An you should be trimming the trees,

When will you get through with bills and resolves,

Stop talking of license and rum, Of railroads and tunnels and other such things

And 'tend to your business at home?"

Such things

## Suffering

Will Not Help Your Disease, But Will Weaken Your Nerves.

Folks who think it is better to bear pain than soothe it are wrong. Old-fashioned doctors used to say it was better, because they had nothing with which to ease pain but dangerous, heart-paralyzing drugs.

But now, that a safe remedy has been found, Dr. Miles' Anti-Pain Pills, it is wrong to suffer, for nothing can be gained but weakened nerves.

A safe rule to remember is: When in pain, take an Anti-Pain Pill. This will soothe your quivering nerves. Dr. Miles' Anti-Pain Pills relieve pain by restoring the natural secretions, which they differ from opium and similar narcotic drugs, which relieve pain by checking the action of the glands.

They are sure and harmless, and are the latest medical treatment for the cure of Headache, Neuralgia, Rheumatism, Dizziness, Toothache, Stomachache, Menstrual (Monthly) Pains. Also nerve irritations and Sickness, Car-sickness, Sleeplessness, Indigestion, etc.

Pleasant to take, quick in result. "I have used Dr. Miles' Anti-Pain Pills for sick, nervous headache, and have secured the best results. I heartily recommend their curative properties for all who are afflicted."—REV. RAY A. WATKINS, D. D., Iowa City, Ia.

Sold by druggists. If money back if first box does not help. Never sold in bulk.

**FREE** Write to us for Free Trial Package of Dr. Miles' Anti-Pain Pills, No Suffering. Also Symptom Blank. Our Special Mail will send you one. If you want it, write to us, and we will send it to you. Money back if first box does not help. Never sold in bulk.
